**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION**
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2020

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 001-35074

SUMMIT HOTEL PROPERTIES, INC.

(Exact name of registrant as specified in its charter)

Maryland
(State or other jurisdiction
of incorporation or organization)

27-2962512
(I.R.S. Employer Identification No.)

13215 Bee Cave Parkway, Suite B-300
Austin, TX 78738
(Address of principal executive offices, including zip code)

(512) 538-2300
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$0.01 par value	INN	New York Stock Exchange
Series D Cumulative Redeemable Preferred Stock, \$0.01 par value	INN-PD	New York Stock Exchange
Series E Cumulative Redeemable Preferred Stock, \$0.01 par value	INN-PE	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405) of this chapter during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of “large accelerated filer,” “accelerated filer,” “smaller reporting company,” and “emerging growth company” in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer	<input checked="" type="checkbox"/>	Accelerated filer	<input type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/>	Smaller reporting company	<input type="checkbox"/>
		Emerging growth company	<input type="checkbox"/>

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of April 30, 2020, the number of outstanding shares of common stock of Summit Hotel Properties, Inc. was 105,603,023.

SUMMIT HOTEL PROPERTIES, INC.

**NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)**

NOTE 1 - DESCRIPTION OF BUSINESS

General

Summit Hotel Properties, Inc. (the “Company”) is a self-managed hotel investment company that was organized on June 30, 2010 as a Maryland corporation. The Company holds both general and limited partnership interests in Summit Hotel OP, LP (the “Operating Partnership”), a Delaware limited partnership also organized on June 30, 2010. Unless the context otherwise requires, “we,” “us,” and “our” refer to the Company and its consolidated subsidiaries.

We focus on owning primarily premium-branded hotels with efficient operating models primarily in the Upscale segment of the lodging industry. At March 31, 2020, our portfolio consisted of 72 hotels with a total of 11,288 guestrooms located in 23 states. As of March 31, 2020, we own 100% of the outstanding equity interests in 67 of our 72 hotels. We own a 51% controlling interest in five hotels that we acquired in 2019 through a joint venture. We have elected to be taxed as a real estate investment trust (“REIT”) for federal income tax purposes. To qualify as a REIT, we cannot operate or manage our hotels. Accordingly, all of our hotels are leased to our taxable REIT subsidiaries (“TRS Lessees”).

Risks and Uncertainties

The Company is subject to risks and uncertainties as a result of the effects of the novel coronavirus, designated as COVID-19 (“COVID-19”). The extent of the effects of the COVID-19 pandemic on the Company's business is highly uncertain and difficult to predict, as the response to the pandemic varies by state and municipalities within states. The Company first began to experience effects from COVID-19 in March 2020, when the World Health Organization (“WHO”) declared a public health emergency of international concern related to COVID-19 and the U.S. Centers for Disease Control and Prevention (“CDC”) issued warnings against holding or attending gatherings larger than 50 people, including conferences, festivals, parades, concerts, sporting events and weddings. By March 31, 2020, stay-at-home directives had been issued in many states across the United States and many local jurisdictions had additionally required the temporary closure of businesses deemed to be non-essential. These actions have had a significant negative effect on the U.S. and global economies, including a rapid and sharp decline in all forms of travel, both domestic and international, and a significant decline in the demand for hotels and guestrooms. These conditions have resulted in a substantial decline in our revenues, profitability and cash flows from operations during the first quarter of 2020 and are expected to continue to materially adversely affect our operations and financial results until travel and business restrictions are eased, stay-at-home directives are lifted, consumer confidence is restored and an economic recovery commences. The COVID-19 pandemic has also significantly increased economic uncertainty and has led to disruption and volatility in the global capital markets, which could increase our cost of, and limit accessibility to, capital.

The COVID-19 pandemic has caused the Company to temporarily suspend operations at 6 hotels containing 934 guestrooms. An additional 9 hotels, containing 1,278 guestrooms, each of which is adjacent to another of our hotels, continue to accept reservations, but guests are being directed to stay at the adjacent properties. The Company has taken several actions to mitigate the effects of the COVID-19 pandemic on the Company, including the following:

- Borrowed an additional net amount of \$100.0 million on our \$400 million unsecured revolving credit facility during the three months ended March 31, 2020 and an additional \$25.0 million on April 1, 2020;
- Amended certain loan agreements to provide for a financial covenant waiver through March 31, 2021, to modify certain financial covenant measures for the final three quarters of 2021 and to access additional borrowing capacity of \$150.0 million under our \$400 Million Revolver;
- Suspended the declaration and payment of dividends on our common stock and operating partnership units;
- Postponed all non-essential capital improvement projects planned for 2020 beyond those already substantially complete;
- Adopted comprehensive cost reduction initiatives, including the reduction of labor and temporary elimination of certain services and amenities at all hotels;
- Negotiated the temporary suspension of FF&E funding requirements for certain of our hotels and facilitated the interim or permanent use of cash deposited in the FF&E Reserve Accounts of certain of our hotels for general working capital purposes;
- Implemented a voluntary 25% temporary reduction of base salaries and fees, respectively, for executive officers and independent members of the Board of Directors;
- Furloughed approximately 25% of the corporate-level staff and implemented temporary salary reductions for the majority of employees not subject to furlough; and
- Implemented a temporary hiring freeze for any new corporate-level positions.

It is currently extremely difficult to predict how long the effects of the COVID-19 pandemic on the Company will continue, when an economic recovery will commence, and the length of time it will take for us to return to operational and financial performance that is consistent with our most recent fiscal year.

NOTE 2 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

We prepare our Condensed Consolidated Financial Statements in conformity with U.S. Generally Accepted Accounting Principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Accordingly, the Condensed Consolidated Financial Statements do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring items) considered necessary for a fair presentation in accordance with GAAP have been included. Results for the three months ended March 31, 2020 may not be indicative of the results that may be expected for the full year of 2020. For further information, please read the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2019.

The accompanying Condensed Consolidated Financial Statements consolidate the accounts of all entities in which we have a controlling financial interest, as well as variable interest entities for which the Company is the primary beneficiary. All significant intercompany balances and transactions have been eliminated in the Condensed Consolidated Financial Statements.

We evaluate joint venture partnerships to determine if they should be consolidated based on whether the partners exercise joint control. For a joint venture where we exercise primary control and we also own a majority of the equity interests, we consolidate the joint venture partnership. We have consolidated the accounts of our joint venture partnership with GIC in our accompanying Condensed Consolidated Financial Statements. See *"Note 8 - Equity - Non-controlling Interests in Joint Venture"* for further information.

Investment in Hotel Properties

The Company allocates the purchase price of acquired hotel properties based on the fair value of the acquired land, land improvements, building, furniture, fixtures and equipment, identifiable intangible assets or liabilities, other assets and assumed liabilities. Intangible assets may include certain value associated with the on-going operations of the hotel business being acquired as part of the hotel property acquisition. Acquired intangible assets that derive their values from real property or an interest in real property, are inseparable from that real property or interest in real property, and do not produce or contribute to the production of income other than consideration for the use or occupancy of space, are recorded as a component of the related real estate asset in our Condensed Consolidated Financial Statements. We allocate the purchase price of acquired hotel properties to land, building and furniture, fixtures and equipment based on third-party independent appraisals.

If substantially all of the fair value of the gross assets acquired are concentrated in a single identifiable asset or group of similar identifiable assets, the asset or asset group is not considered a business. When we conclude that an acquisition meets this threshold, acquisition costs will be capitalized as part of our allocation of the purchase price of the acquired hotel properties.

Our hotel properties and related assets are recorded at cost, less accumulated depreciation. We capitalize hotel development costs and the costs of significant additions and improvements that materially upgrade, increase the value or extend the useful life of the property. These costs may include hotel development, refurbishment, renovation, and remodeling expenditures, as well as certain indirect internal costs related to construction projects. If an asset requires a period of time in which to carry out the activities necessary to bring it to the condition necessary for its intended use, the interest cost incurred during that period as a result of expenditures for the asset is capitalized as part of the cost of the asset. We expense the cost of repairs and maintenance as incurred.

On a limited basis, we provide financing to developers of hotel properties for development projects. We evaluate these arrangements to determine if we participate in residual profits of the hotel property through the loan provisions or other agreements. Where we conclude that these arrangements are more appropriately treated as an investment in the hotel property, we reflect the loan as Investment in hotel properties, net in our Condensed Consolidated Balance Sheets.

We monitor events and changes in circumstances for indicators that the carrying value of a hotel property or undeveloped land may be impaired. Additionally, we perform at least annual reviews to monitor the factors that could trigger an impairment. Factors that we consider for an impairment analysis include, among others: i) significant underperformance relative to historical or anticipated operating results, ii) significant changes in the manner of use of a property or the strategy of our overall business, including changes in the estimated holding periods for hotel properties and land parcels, iii) a significant increase in competition, iv) a significant adverse change in legal factors or regulations, v) changes in values of comparable land or hotel sales, and vi) significant negative industry or economic trends. When such factors are identified, we prepare an estimate of the undiscounted future cash flows of the specific property and determine if the carrying amount of the asset is recoverable. If an impairment is identified, we estimate the fair value of the property based on discounted cash flows or sales price if the property is under contract and an adjustment is made to reduce the carrying value of the property to its estimated fair value. Due to the adverse effects of the COVID-19 pandemic across our entire portfolio of hotel properties, our impairment evaluation was completed for all of our hotel properties and we identified no impairment at March 31, 2020.

Intangible Assets

We amortize intangible assets with determined finite useful lives using the straight-line method. We do not amortize intangible assets with indefinite useful lives, but we evaluate these assets for impairment annually or at interim periods if events or circumstances indicate that the asset may be impaired. Due to the effects of the COVID-19 pandemic, we evaluated our intangible assets for impairment at March 31, 2020 and identified no impairment.

Trade Receivables and Credit Policies

We grant credit to qualified customers, generally without collateral, in the form of trade accounts receivable. Trade receivables result from the rental of hotel guestrooms and the sales of food, beverage, and banquet services and are payable under normal trade terms. Trade receivables also include credit and debit card transactions that are in the process of being settled. Trade receivables are stated at the amount billed to the customer and do not accrue interest. We regularly review the collectability of our trade receivables. A provision for losses is determined on the basis of previous loss experience and current economic conditions. Our allowance for doubtful accounts was \$0.4 million and \$0.2 million at March 31, 2020 and December 31, 2019, respectively, and bad debt expense was \$0.3 million and \$0.1 million for three months ended March 31, 2020 and 2019, respectively.

Leases

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*, which changed lessee accounting to reflect the financial liability and right-of-use assets that are inherent to leasing an asset on the balance sheet. We adopted ASU No. 2016-02 on January 1, 2019. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. In July 2018, the FASB issued ASU 2018-10, *Codification Improvements to Topic 842, Leases*, to clarify how to apply certain aspects of ASC No. 842, *Leases*. In July 2018, the FASB also issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*, to give companies another option for transition and to provide lessors with a practical expedient to reduce the cost and complexity of implementing the new standard. The transition option allows companies to not apply the new lease standard in the comparative periods they present in their financial statements in the year of adoption. The Company elected certain practical expedients allowed under the guidance and retained the original lease classification and historical accounting for initial direct costs for leases existing prior to the adoption date. The Company also elected not to restate prior periods for the effect of the adoption of the new standard. In accordance with ASU No. 2016-02, we reclassified certain existing lease-related assets and liabilities to Right-of-use assets as of January 1, 2019. The adoption of ASU No. 2016-02 resulted in the recognition of incremental Right-of-use assets and related Lease liabilities of \$23.6 million on the Condensed Consolidated Balance Sheet as of January 1, 2019.

Notes Receivables

We selectively provide mezzanine financing to developers, where we also have the opportunity to acquire the hotel at or after the completion of the development project, and we also may provide seller financing under limited circumstances. We classify notes receivable as held-to-maturity and carry the notes receivable at cost less the unamortized discount, if any. On January 1, 2020, we adopted ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326)*, which requires a financial asset (or a group of financial assets) measured at amortized cost to be presented at the net amount expected to be collected. The allowance for credit losses is a valuation account that is deducted from the amortized cost basis of the financial asset(s) to present the net carrying value at the amount expected to be collected on the financial asset. The measurement of expected credit losses is based on relevant information about past events, including historical experience, current conditions, and reasonable and supportable forecasts that affect the collectability of the reported amount. We routinely evaluate our notes receivable for collectability. Probable losses on notes receivable are recognized in a valuation account that is deducted from the amortized cost basis of the notes receivable and recorded as Provision for credit losses in our Condensed Consolidated Statements of Operations.

Cash and Cash Equivalents

We consider all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. At times, cash on deposit may exceed the federally insured limit. We maintain our cash with high credit quality financial institutions.

Restricted Cash

Restricted cash consists of certain funds maintained in escrow for property taxes, insurance, and certain capital expenditures. Funds may be disbursed from the account upon proof of expenditures and approval from the lender or other party requiring the restricted cash reserves.

Revenue Recognition

In accordance with ASU No. 2014-09, revenues from the operation of our hotels are recognized when guestrooms are occupied, services have been rendered or fees have been earned. Revenues are recorded net of any discounts and sales and other taxes collected from customers. Revenues consist of room sales, food and beverage sales, and other hotel revenues and are presented on a disaggregated basis on our Condensed Consolidated Statements of Operations.

Room revenue is generated through short-term contracts with customers whereby customers agree to pay a daily rate for the right to occupy hotel rooms for one or more nights. Our performance obligations are fulfilled at the end of each night that the customers have the right to occupy the rooms. Room revenues are recognized daily at the contracted room rate in effect for each room night.

Food and beverage revenues are generated when customers purchase food and beverage at a hotel's restaurant, bar or other facilities. Our performance obligations are fulfilled at the time that food and beverage is purchased and provided to our customers.

Other revenues such as for parking, meeting space or communication services are recognized at the point in time or over the time period that the associated good or service is provided. Ancillary services such as parking at certain hotels are provided by third parties and we assess whether we are the principal or agent in such arrangements. If we are determined to be the agent, revenue is recognized based upon the commission paid to us by the third party for the services rendered to our customers. If we are determined to be the principal, revenues are recognized based upon the gross contract price of the service provided. Certain of our hotels have retail spaces, restaurants or other spaces that we lease to third parties. Lease revenues are recognized on a straight line basis over the respective lease terms and are included in Other income on our Condensed Consolidated Statements of Operations.

Cash received prior to customer arrival is recorded as an advance deposit from the customer and is recognized as revenue at the time of occupancy.

Equity-Based Compensation

Our 2011 Equity Incentive Plan, which was amended and restated effective June 15, 2015 (as amended, the “Equity Plan”), provides for the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalent rights, and other stock-based awards. We account for the stock options granted upon completion of our IPO at fair value using the Black-Scholes option-pricing model and we account for all other awards of equity, including time-based and performance-based stock awards, using the grant date fair value of those equity awards. Restricted stock awards with performance-based vesting conditions are market-based awards tied to total stockholder return and are valued using a Monte Carlo simulation model in accordance with ASC Topic 718, *Compensation — Stock Compensation*. We expense the fair value of awards under the Equity Plan ratably over the vesting period and market-based awards are not adjusted for performance. The amount of stock-based compensation expense may be subject to adjustment in future periods due to a change in forfeiture assumptions or modification of previously granted awards.

Derivative Financial Instruments and Hedging

We use interest rate derivatives to hedge our risks on variable-rate debt. Interest rate derivatives could include swaps, caps, collars, and floors. We assess the effectiveness of each hedging relationship by comparing changes in fair value or cash flows of the derivative financial instrument with the changes in fair value or cash flows of the designated hedged item or transaction. All derivative financial instruments are recorded at fair value as a net asset or liability in our Condensed Consolidated Balance Sheets.

The change in the fair value of the hedging instruments is recorded in Other comprehensive income. Amounts deferred in Other comprehensive income will be reclassified to Interest expense in our Condensed Consolidated Statements of Operations in the period in which the hedged item affects earnings.

Income Taxes

We have elected to be taxed as a REIT under certain provisions of the Internal Revenue Code. To qualify as a REIT, we must meet certain organizational and operational requirements, including a requirement to distribute annually to our stockholders at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains, which does not necessarily equal net income as calculated in accordance with GAAP. As a REIT, we generally will not be subject to federal income tax (other than taxes paid by our TRS Lessees at regular corporate income tax rates) to the extent we distribute 100% of our REIT taxable income to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on our taxable income at regular corporate income tax rates and generally will be unable to re-elect REIT status until the fifth calendar year after the year in which we failed to qualify as a REIT, unless we satisfy certain relief provisions.

Substantially all of our assets are held by and all of our operations are conducted through either our Operating Partnership or our subsidiary REITs. Partnerships are not subject to U.S. federal income taxes as revenues and expenses pass through to and are taxed on the owners. Generally, the states and cities where partnerships operate follow the U.S. federal income tax treatment. However, there are a limited number of local and state jurisdictions that tax the taxable income of the Operating Partnership. Accordingly, we provide for income taxes in these jurisdictions for the Operating Partnership.

Taxable income related to our TRS Lessees are subject to federal, state and local income taxes at applicable tax rates. Our interim tax provision includes the income tax provision related to the operations of the TRS Lessees as well as state and local income taxes related to the Operating Partnership.

Where required, we account for federal and state income taxes using the asset and liability method. Deferred tax assets and liabilities are recognized for: i) the future tax consequences attributable to differences between carrying amounts of existing assets and liabilities based on GAAP and the respective carrying amounts for tax purposes, and ii) operating losses and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date of the change in tax rates. However, deferred tax assets are recognized only to the extent it is more likely than not that they will be realized based on consideration of available evidence. Valuation allowances are provided if, based upon the weight of the available evidence, it is more likely than not that some or all of the deferred tax assets will not be realized.

We perform a quarterly review for any uncertain tax positions. The Company had no accruals for uncertain tax positions as of March 31, 2020 and December 31, 2019.

Fair Value Measurement

Fair value measures are classified into a three-tiered fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1:	Observable inputs such as quoted prices in active markets.
Level 2:	Directly or indirectly observable inputs, other than quoted prices in active markets.
Level 3:	Unobservable inputs in which there is little or no market information, which require a reporting entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following valuation techniques:

Market approach:	Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
Cost approach:	Amount required to replace the service capacity of an asset (replacement cost).
Income approach:	Techniques used to convert future amounts to a single amount based on market expectations (including present-value, option-pricing, and excess-earnings models).

Our estimates of fair value were determined using available market information and appropriate valuation methods. Considerable judgment is necessary to interpret market data and develop estimated fair value. The use of different market assumptions or estimation methods may have a material effect on the estimated fair value amounts. We classify assets and liabilities in the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement.

We have elected a measurement alternative for equity investments, such as our purchase options, that do not have readily determinable fair values. Under the alternative, our purchase options are measured at cost, less any impairment, plus or minus changes resulting from observable price changes in orderly transactions for an identical or similar investment of the same issuer, if any.

Non-controlling Interests

Non-controlling interests represent the portion of equity in a consolidated entity held by owners other than the consolidating parent. Non-controlling interests are reported in the Condensed Consolidated Balance Sheets within equity, separately from stockholders' equity. Revenue, expenses and net income attributable to both the Company and the non-controlling interests are reported in the Condensed Consolidated Statements of Operations.

Our Condensed Consolidated Financial Statements include non-controlling interests related to common units of limited partnership interests ("Common Units") in the Operating Partnership held by unaffiliated third parties and third-party ownership of a 49% interest in a consolidated joint venture. See "*Note 8 - Equity - Non-controlling Interests in Joint Venture*" for further information.

Use of Estimates

Our Condensed Consolidated Financial Statements are prepared in conformity with GAAP, which requires us to make estimates based on assumptions about current and, for some estimates, future economic and market conditions that affect reported amounts and related disclosures in our Condensed Consolidated Financial Statements. Although our current estimates contemplate current and expected future conditions, as applicable, it is reasonably possible that actual conditions could materially differ from our expectations, which could materially affect our expectations for our consolidated financial position and results of operations. In particular, a number of estimates have been and will continue to be affected by the ongoing COVID-19 pandemic.

The evaluation of the carrying amounts of our assets described above requires that we make projections of the future estimated cash flows and residual values of the assets or underlying collateral based on assumptions derived from available information about future market conditions that will affect these projections. While the potential magnitude and duration of the business and economic effects of the COVID-19 pandemic are uncertain, our analysis of the future estimated cash flows, values of the assets or underlying collateral assumes that we will begin to experience a recovery in our business during the second half of 2020 and operating performance will improve gradually over a multi-year period before reaching prior peak performance levels.

The severity, magnitude and duration, of the COVID-19 pandemic, as well as its economic consequences, are uncertain, rapidly changing and difficult to predict. As such, there can be no assurance that our forecasts and underlying assumptions will be realized. As a result, our accounting estimates and assumptions may change over time, and actual results may differ materially from our expectations. We will continue to monitor the effects of the COVID-19 pandemic in future quarters. If actual results differ from our forecasts, this may result in future impairments of hotel properties, intangible assets, right-of-use assets, or investment securities such as our purchase options, or in incremental credit losses on our notes receivables.

New Accounting Standards

In December 2019, the FASB issued ASU No. 2019-12, *Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes*, which is intended to simplify various aspects related to accounting for income taxes. ASU No. 2019-12 removes certain exceptions to the general principles in Topic 740 and also clarifies and amends existing guidance to improve consistent application. ASU No. 2019-12 is effective for our fiscal year commencing on January 1, 2021, with early adoption permitted. The adoption of ASU No. 2019-12 will not have a material effect on our consolidated financial position or results of operations.

In March 2020, the FASB issued ASU No. 2020-04, *Reference Rate Reform (Topic 848)*. ASU No. 2020-04 contains practical expedients for reference rate reform related activities that affect debt, leases, derivatives and other contracts. The guidance in ASU No. 2020-04 is optional and may be elected over time as reference rate reform activities occur. During 2020, the Company has elected to apply the hedge accounting expedients related to probability and the assessments of effectiveness for future LIBOR-indexed cash flows to assume that the index upon which future hedged transactions will be based matches the index on the corresponding derivatives. Application of these expedients preserves the presentation of derivatives consistent with past presentation. The Company continues to evaluate the effect of the guidance and may apply other elections as applicable as additional changes in the market occur.

NOTE 3 - INVESTMENT IN HOTEL PROPERTIES, NET***Investment in Hotel Properties, net***

Investment in hotel properties, net is as follows (in thousands):

	March 31, 2020	December 31, 2019
Hotel buildings and improvements	\$ 2,050,923	\$ 2,049,384
Land	319,603	319,603
Furniture, fixtures and equipment	180,868	173,128
Construction in progress	10,229	9,388
Intangible assets	11,231	11,231
Real estate development loan	7,433	5,485
	<u>2,580,287</u>	<u>2,568,219</u>
Less - accumulated depreciation and amortization	(410,973)	(383,987)
	<u>\$ 2,169,314</u>	<u>\$ 2,184,232</u>

We provided a mezzanine loan to fund up to \$28.9 million for a mixed-use development project that includes a hotel property, retail space, and parking. We have classified the mezzanine loan as Investment in hotel properties, net in our Condensed Consolidated Balance Sheets at March 31, 2020 and December 31, 2019. See "Note 4 - Investment in Real Estate Loans" for further information.

Asset Sales

We did not sell any hotel properties during the three months ended March 31, 2020.

On February 12, 2019, we completed the sale of two hotel properties, the Country Inn & Suites - Charleston, WV and the Holiday Inn Express - Charleston, WV, for an aggregate sales price of \$11.6 million. The sale of these properties resulted in the realization of an aggregate gain of \$4.2 million for the three months ended March 31, 2019.

Hotel Property Acquisitions

We did not acquire any hotel properties during the three months ended March 31, 2020 or 2019. On January 31, 2019, we exercised our option pursuant to a ground lease agreement to purchase the land upon which our Residence Inn by Marriott in Baltimore (Hunt Valley), MD is located for \$4.2 million, which resulted in a termination of obligations under the ground lease. As a result, this hotel property is no longer subject to a ground lease.

The results of operations of acquired properties are included in the Condensed Consolidated Statements of Operations beginning on their respective acquisition dates. The following unaudited pro forma information includes operating results for 72 hotels owned as of March 31, 2020 as if all such hotels had been owned by us since January 1, 2019. For hotels acquired by us after January 1, 2019 (the "Acquired Hotels"), we have included in the pro forma information the financial results of each of the Acquired Hotels for the period prior to acquisition by us (the "Pre-acquisition Period"). The financial results for the Pre-Acquisition Period were provided by the third-party owner of such Acquired Hotel prior to purchase by us and such information has not been audited or reviewed by our auditors or adjusted by us. For hotels sold by us between January 1, 2019 and March 31, 2020 (the "Disposed Hotels"), the unaudited pro forma information excludes the financial results, including gains on disposal of assets, of each of the Disposed Hotels for the period of ownership by us from January 1, 2019 through the date that the Disposed Hotels were sold by us. The unaudited pro forma information is included to enable comparison of results for the current reporting period to results for the comparable period of the prior year and is not indicative of what actual results of operations would have been had the hotel acquisitions and dispositions taken place on or before January 1, 2019. The pro forma amounts exclude the gain or loss on the sale of hotel properties during the three months ended March 31, 2020 and 2019. This information does not purport to be indicative of or represent results of operations for future periods.

The unaudited condensed pro forma financial information for the 72 hotel properties owned at March 31, 2020 for the three months ended March 31, 2020 and 2019 is as follows (in thousands, except per share):

	For the Three Months Ended March 31,	
	2020	2019
Revenues	\$ 108,385	\$ 141,756
Income from hotel operations	\$ 29,725	\$ 53,808
Net (loss) income ⁽¹⁾	\$ (16,213)	\$ 15,603
Net (loss) income attributable to common stockholders, net of amount allocated to participating securities ⁽¹⁾	\$ (19,111)	\$ 8,814
Basic and diluted net (loss) income per share attributable to common stockholders ⁽¹⁾	\$ (0.18)	\$ 0.08

(1) Pro forma amounts include depreciation expense, property tax expense, interest expense, income tax expense, loss on impairment of assets and other corporate expenses totaling \$56.6 million and \$47.9 million for the three months ended March 31, 2020 and 2019, respectively.

Assets Held for Sale

Assets held for sale at March 31, 2020 and December 31, 2019 included a land parcel in Flagstaff, AZ with a carrying amount of \$0.4 million. The land parcel is currently under contract for sale and is expected to close prior to December 31, 2020.

NOTE 4 — INVESTMENT IN REAL ESTATE LOANS

Investment in real estate loans, net is as follows (in thousands):

	March 31, 2020	December 31, 2019
Real estate loans	\$ 32,870	\$ 32,831
Unamortized discount	(1,382)	(1,895)
Allowance for credit losses	(2,530)	—
	<u>\$ 28,958</u>	<u>\$ 30,936</u>

The amortized cost bases of our Investment in real estate loans, net approximate their fair value. The amortized cost bases and fair value of our Investment in real estate loans, net at March 31, 2020, by contractual maturity are as follows: \$27.0 million in 2020 and \$2.0 million in 2021.

Real Estate Development Loans

We provided mezzanine loans on three real estate development projects to fund up to an aggregate of \$29.6 million for the development of three hotel properties. The three real estate development loans closed in the fourth quarter of 2017 and each has a stated interest rate of 8% and an initial term of approximately three years. Interest income on the mezzanine loans will be recorded in our Condensed Consolidated Statement of Operations as it is earned. As of March 31, 2020, we have funded the full amount of \$29.6 million. We have separate options related to each loan (each the "Initial Option") to purchase a 90% interest in each joint venture that owns the respective hotel upon completion of construction. We also have the right to purchase the remaining interests in each joint venture at future dates, generally five years after we exercise our Initial Option. We have recorded the original aggregate estimated fair value of each Initial Option totaling \$6.1 million in Other assets and as a discount to the related real estate loans. The discount will be amortized as a component of non-cash interest income over the initial term of the real estate loans using the straight-line method, which approximates the interest method. We recorded amortization of the discount of \$0.5 million during the three months ended March 31, 2020 and 2019. During the three months ended March 31, 2020, we recorded a Loss on impairment of assets of \$0.8 million related to one of the purchase options. See "Note 9 - Fair Value Measurement" for further information.

We provided a mezzanine loan to fund up to \$28.9 million for a mixed-use development project that includes a hotel property, retail space, and parking. The loan closed in the third quarter of 2019 and has a stated interest rate of 9% and an initial term of 30 months. The loan is secured by a second mortgage on the development project and a pledge of the equity in the project owner. As of March 31, 2020, we have funded \$9.5 million of the loan commitment. Upon completion of construction, we have an option to purchase a 90% interest in the hotel (the "Initial Purchase Option"). We also have the right to purchase the remaining interest in the hotel five years after the completion of construction. We have issued a \$10.0 million letter of credit under our senior unsecured credit facility to secure the exercise of the Initial Purchase Option. As such, we have classified the loan as Investment in hotel properties, net in our Condensed Consolidated Balance Sheets at March 31, 2020. Interest income on the mezzanine loan will be recorded in our Consolidated Statement of Operations as it is earned. We have recorded the aggregate estimated fair value of the Initial Purchase Option totaling \$2.8 million in Other assets and as a contra-asset to Investment in hotel properties, net. The contra-asset will be amortized as a component of non-cash interest income over the term of the real estate development loan using the straight-line method, which approximates the interest method. During the three months ended March 31, 2020, we amortized \$0.3 million as non-cash interest income.

Seller-Financing Loans

On June 29, 2018 we sold the Holiday Inn in Duluth, GA and the Hilton Garden Inn in Duluth, GA for an aggregate selling price of \$24.9 million. We provided seller financing totaling \$3.6 million on the sale of these properties under two, 3.5-year notes with a blended interest rate of 7.38% secured by a \$3.0 million second mortgage. As of March 31, 2020, there was \$2.6 million outstanding on the seller-financing loans.

Current Estimate of Credit Losses

We evaluated our notes receivable for potential credit losses by estimating the fair value of the collateral supporting each note receivable at March 31, 2020 based on assumptions related to the expected future performance of the collateral assets and the resulting anticipated net selling value of the assets at capitalization rates that are common for the asset class. Our current estimate of credit losses of \$2.5 million is recorded as an allowance for credit losses at March 31, 2020 as a result of the effects of the COVID-19 pandemic.

NOTE 5 - DEBT

At March 31, 2020 and December 31, 2019, our indebtedness was comprised of borrowings under our 2018 Unsecured Credit Facility (as defined below), the 2018 Term Loan (as defined below), the 2017 Term Loan (as defined below), the Joint Venture Credit Facility (as defined below), and indebtedness secured by first priority mortgage liens on various hotel properties. The weighted average interest rate, after giving effect to our interest rate derivatives, for all borrowings was 3.48% at March 31, 2020 and 3.95% at December 31, 2019.

Debt, net of debt issuance costs, is as follows (in thousands):

	March 31, 2020	December 31, 2019
Revolving debt	\$ 260,000	\$ 140,000
Term loans	725,000	725,000
Mortgage loans	156,796	157,726
	<u>1,141,796</u>	<u>1,022,726</u>
Unamortized debt issuance costs	(6,777)	(6,563)
Debt, net of debt issuance costs	<u>\$ 1,135,019</u>	<u>\$ 1,016,163</u>

On April 1, 2020, we borrowed an additional \$25.0 million on our \$400 Million Revolver (as defined below).

We have entered into interest rate swaps to partially fix the interest rates on a portion of our variable interest rate indebtedness. See "Note 7 - Derivative Financial Instruments and Hedging" to the Condensed Consolidated Financial Statements for additional information. Our total fixed-rate and variable-rate debt, after considering our interest rate derivative agreements that are currently effective, is as follows (in thousands):

	March 31, 2020	Percentage	December 31, 2019	Percentage
Fixed-rate debt	\$ 548,372	48%	\$ 549,236	54%
Variable-rate debt	593,424	52%	473,490	46%
	<u>\$ 1,141,796</u>		<u>\$ 1,022,726</u>	

Information about the fair value of our fixed-rate debt that is not recorded at fair value is as follows (in thousands):

	March 31, 2020		December 31, 2019		Valuation Technique
	Carrying Value	Fair Value	Carrying Value	Fair Value	
Fixed-rate debt	\$ 148,372	\$ 148,502	\$ 149,236	\$ 151,268	Level 2 - Market approach

At March 31, 2020 and December 31, 2019, we had \$400.0 million of debt with variable interest rates that had been converted to fixed interest rates through derivative financial instruments which are carried at fair value. Differences between carrying value and fair value of our fixed-rate debt are primarily due to changes in interest rates. Inherently, fixed-rate debt is subject to fluctuations in fair value as a result of changes in the current market rate of interest on the valuation date. For additional information on our use of derivatives as interest rate hedges, refer to "Note 7 - Derivative Financial Instruments and Hedging."

\$600 Million Senior Unsecured Credit Facility

On December 6, 2018, the Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the loan documentation as a subsidiary guarantor, entered into a \$600.0 million senior unsecured credit facility (the "2018 Unsecured Credit Facility") with Deutsche Bank AG New York Branch, as administrative agent, and a syndicate of lenders. The 2018 Unsecured Credit Facility is comprised of a \$400.0 million revolving credit facility (the "\$400 Million Revolver") and a \$200.0 million term loan facility (the "\$200 Million Term Loan"). At March 31, 2020, we had \$395.0 million borrowed and \$139.3 million available to borrow.

The 2018 Unsecured Credit Facility has an accordion feature which will allow the Company to increase the total commitments by an aggregate of up to \$300.0 million. The \$400 Million Revolver will mature on March 31, 2023 and can be extended to March 31, 2024 at the Company's option, subject to certain conditions. The \$200 Million Term Loan will mature on April 1, 2024.

The interest rate on the 2018 Unsecured Credit Facility is based on a pricing grid ranging from 140 basis points to 215 basis points plus LIBOR for the \$400 Million Revolver and 135 basis points to 210 basis points plus LIBOR for the \$200 Million Term Loan, depending upon the Company's leverage ratio. The interest rate at March 31, 2020 for the \$200 Million Term Loan was 2.69%.

Financial and Other Covenants. We are required to comply with various financial and other covenants to draw and maintain borrowings under the 2018 Unsecured Credit Facility. At March 31, 2020, we were in compliance with all financial covenants.

Unencumbered Assets. The 2018 Unsecured Credit Facility is unsecured. However, borrowings under the 2018 Unsecured Credit Facility are limited by the value of hotel assets that qualify as unencumbered assets. At March 31, 2020, the Company had 52 unencumbered hotel properties (the "Unencumbered Properties") supporting the 2018 Unsecured Credit Facility.

First Amendment to 2018 Unsecured Credit Facility

On May 7, 2020, the Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor entered into the First Amendment to Credit Agreement (the "First Amendment") of the Operating Partnership's 2018 Unsecured Credit Facility with Deutsche Bank AG New York Branch, as administrative agent, and a syndicate of lenders.

The First Amendment provides that certain financial and other covenants under the 2018 Unsecured Credit Facility were waived or adjusted, for the periods described below:

- Waivers of all financial and certain other covenants in the 2018 Unsecured Credit Facility for the period April 1, 2020 through March 31, 2021; and
- Adjustments to certain financial covenants for the period April 1, 2021 through December 31, 2021 including:
 - Increases in the Maximum Leverage Ratio, adjusting down each quarter of 2021;
 - Reduction of the Minimum Consolidated Fixed Charge Coverage Ratio;
 - Increase of the Maximum Unsecured Leverage Ratio; and
 - Reduction of the Minimum Unsecured Interest Coverage Ratio;
- Increases to the Maximum Leverage Ratio for the calendar year 2022, adjusting down throughout 2022.

The interest rate during the periods of the financial and covenant waivers and adjustments will be set at Pricing Level VII, as defined in the 2018 Unsecured Credit Facility documents.

The First Amendment requires the borrower and certain subsidiaries to pledge to the secured parties all of the equity interests in the entities that own the Unencumbered Properties, as well as the equity interests in the TRS lessees related to such Unencumbered Properties until the borrower meets certain conditions for their release.

The First Amendment confirmed that the borrower may advance up to an additional \$100 million on the \$400 Million Revolver. Furthermore, the First Amendment permits the borrower to advance an additional \$50 million, in addition to the \$100 million advance described in the preceding sentence, upon filing mortgages and related security agreements on all Unencumbered Properties, with such security documents to be released upon the borrower meeting certain conditions for their release.

Certain other typical limitations and conditions for credit facilities of this nature were included among the provisions in the First Amendment including, among other provisions, limitations on the use of revolving facility advances, certain restrictions on payments of dividends and establishment of a minimum liquidity requirement.

Unsecured Term Loans

2018 Term Loan

On February 15, 2018, our Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the term loan documentation as a subsidiary guarantor, entered into a new \$225.0 million unsecured term loan (the "2018 Term Loan") with KeyBank National Association, as administrative agent, and a syndicate of lenders listed in the loan documentation, which is fully drawn as of March 31, 2020. The 2018 Term Loan has an accordion feature that allows us to increase the total commitments by \$150.0 million prior to the maturity date of February 14, 2025, subject to certain conditions.

We pay interest on advances at varying rates, based upon, at our option, either (i) 1-, 2-, 3-, or 6-month LIBOR, plus a LIBOR margin between 1.80% and 2.55%, depending upon our leverage ratio (as defined in the loan documents), or (ii) the applicable base rate, which is the greatest of the administrative agent's prime rate, the federal funds rate plus 0.50%, and 1-month LIBOR plus 1.00%, plus a base rate margin between 0.80% and 1.55%, depending upon our leverage ratio. We are required to pay other fees, including customary arrangement and administrative fees. The interest rate at March 31, 2020 was 2.49%.

On February 18, 2020, the Company repriced the 2018 Term Loan, lowering the interest rate to a LIBOR margin between 1.35% and 1.90%, depending on our leverage ratio. All other material provisions of the loan remain unchanged, including the maturity date of the loan which remains February 14, 2025. The Company expects to realize approximately \$0.9 million of annual interest expense savings as a result of the transaction through the remaining term of the loan.

Financial and Other Covenants. We are required to comply with various financial and other covenants to draw and maintain borrowings under the 2018 Term Loan. At March 31, 2020, we were in compliance with all financial covenants.

Unencumbered Assets. The 2018 Term Loan is unsecured. However, borrowings under the term loan are limited by the value of the assets that qualify as unencumbered assets. At March 31, 2020, the Unencumbered Properties also supported the 2018 Term Loan.

Third Amendment to 2018 Term Loan

On May 7, 2020, the Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor entered into the Third Amendment to the First Amended and Restated Credit Agreement (the "Third Amendment") of the Operating Partnership's 2018 Term Loan with KeyBank National Association, as administrative agent, and a syndicate of lenders. The changes to the 2018 Term Loan effected by the Third Amendment are substantially similar to the changes described above effected by the First Amendment to the Company's 2018 Unsecured Credit Facility.

2017 Term Loan

On September 26, 2017, our Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the term loan documentation as a subsidiary guarantor, entered into a \$225.0 million unsecured term loan (the "2017 Term Loan") with KeyBank National Association, as administrative agent, and a syndicate of lenders listed in the loan documentation.

The 2017 Term Loan has an accordion feature which allows us to increase the total commitments by an aggregate of \$175.0 million prior to the maturity date, subject to certain conditions. The 2017 Term Loan matures on November 25, 2022.

We pay interest on advances at varying rates, based upon, at our option, either (i) 1-, 2-, 3-, or 6-month LIBOR, plus a LIBOR margin between 1.45% and 2.20%, depending upon our leverage ratio (as defined in the loan documents), or (ii) the applicable base rate, which is the greatest of the administrative agent's prime rate, the federal funds rate plus 0.50%, and 1-month LIBOR plus 1.00%, plus a base rate margin between 0.45% and 1.20%, depending upon our leverage ratio. We are required to pay other fees, including customary arrangement and administrative fees.

Financial and Other Covenants. We are required to comply with a series of financial and other covenants to draw and maintain borrowings under the 2017 Term Loan. At March 31, 2020, we were in compliance with all financial covenants.

Unencumbered Assets. The 2017 Term Loan is unsecured. However, borrowings under the term loan are limited by the value of the assets that qualify as unencumbered assets. At March 31, 2020, the Unencumbered Properties also supported the 2017 Term Loan.

We have drawn the entire \$225.0 million available under the 2017 Term Loan. The interest rate at March 31, 2020 was 2.74%.

Second Amendment to 2017 Term Loan

On May 7, 2020, the Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor entered into the Second Amendment to the Credit Agreement (the "Second Amendment") of the Operating Partnership's 2017 Term Loan with KeyBank National Association, as administrative agent, and a syndicate of lenders. The changes to the 2017 Term Loan effected by the Second Amendment are substantially similar to the changes described above effected by the First Amendment to the Company's 2018 Unsecured Credit Facility.

\$200 Million Credit Facility

On October 8, 2019, Summit JV MR 1, LLC (the "Borrower"), as borrower, Summit Hospitality JV, LP (the "Parent"), as parent, and each party executing the credit facility documentation as a subsidiary guarantor, entered into a \$200 million credit facility (the "Joint Venture Credit Facility") with Bank of America, N.A., as administrative agent and sole initial lender, and BofA Securities, Inc., as sole lead arranger and sole bookrunner.

The Parent is the joint venture including the Operating Partnership and an affiliate of GIC, Singapore's sovereign wealth fund. See "*Note 8 - Equity - Non-controlling Interests in Joint Venture*" for additional information. The Operating Partnership and the Company are not borrowers or guarantors of the Joint Venture Credit Facility. The Joint Venture Credit Facility is guaranteed by all of the Borrower's existing and future subsidiaries, subject to certain exceptions.

The Joint Venture Credit Facility is comprised of a \$125 million revolving credit facility (the "\$125 Million Revolver") and a \$75 million term loan (the "\$75 Million Term Loan"). The Joint Venture Credit Facility has an accordion feature which will allow us to increase the total commitments by up to \$300 million, for aggregate potential borrowings of up to \$500 million on the Joint Venture Credit Facility.

The \$125 Million Revolver and the \$75 Million Term Loan will mature on October 8, 2023. Each individually can be extended for a single consecutive twelve-month period at the Joint Venture's option, subject to certain conditions.

Interest is paid on revolving credit advances at varying rates based upon, at the Borrower's option, either (i) 1-, 2-, 3-, or 6-month LIBOR, plus a margin of 2.15% for Eurodollar rate advances, or (ii) LIBOR, plus a margin of 2.15% for LIBOR floating rate advances, or (iii) the applicable base rate, which is the greatest of the administrative agent's prime rate, the federal funds rate plus 0.50%, and 1-month LIBOR plus 1.00%, plus a base rate margin of 1.15%. The applicable margin for a term loan advance shall be five basis points less than revolving credit advances referenced above.

Borrowing Base Assets. The Joint Venture Credit Facility is secured primarily by a first priority pledge of the Borrower's equity interests in the subsidiaries that hold the borrowing base assets, and the related TRS entities, which wholly own the TRS Lessees that lease each of the borrowing base assets.

Financial and Other Covenants. In addition, the Borrower is required to comply with a series of financial and other covenants in order to borrow under the Joint Venture Credit Facility. At March 31, 2020, we were in compliance with all financial covenants.

Metabank Loan

On June 30, 2017, we entered into a \$47.6 million secured, non-recourse loan with MetaBank (the "MetaBank Loan"). During the year ended December 31, 2017, we drew \$47.6 million on the MetaBank Loan and used the proceeds to pay down the principal balance of our former \$300 million revolving credit facility. The MetaBank Loan provides for a fixed interest rate of 4.44% and originally provided for interest-only payments for 18 months following the closing date. On January 31, 2019, we entered into a modification agreement, at no additional cost, that increased the interest-only period from 18 months to 24 months following the closing date. Beginning August 1, 2019, the loan amortizes over 25 years through the maturity date of July 1, 2027. The MetaBank Loan is secured by three hotels and is subject to a prepayment penalty if prepaid prior to April 1, 2027.

Mortgage Loans

At March 31, 2020, we had mortgage loans totaling \$156.8 million that are secured primarily by first mortgage liens on 15 hotel properties.

On March 19, 2019, we had a mortgage loan of \$26.2 million that was secured by four hotel properties. We defeased \$6.3 million of the principal to have the encumbrance released on one hotel property, the Hyatt Place in Arlington, TX, to facilitate the sale of the hotel property. As a result of this transaction, we recorded debt transaction costs of \$0.6 million primarily related to the debt defeasance premium. The mortgage loan remains outstanding and is secured by the remaining three hotel properties.

NOTE 6 - LEASES

The Company has operating leases related to the land under certain hotel properties, conference centers, parking spaces, automobiles, our corporate office and other miscellaneous office equipment. These leases have remaining terms of 1 year to 78 years, some of which include options to extend the leases for additional years. The exercise of lease renewal options is at our sole discretion. Certain leases also include options to purchase the leased property. Leases with an initial term of 12 months or less are not recorded on the balance sheet; we recognize lease expense for these leases on a straight-line basis over the lease term.

Certain of our lease agreements include rental payments based on a percentage of revenue over contractual levels and others include rental payments adjusted periodically for inflation. Our lease agreements do not contain any material residual value guarantees or restrictive covenants that materially affect our business. In addition, we rent or sublease certain owned real estate to third parties. In the three months ended March 31, 2020 and 2019, we recorded gross third-party tenant income of \$0.5 million and \$0.5 million, respectively, which were recorded in Other income in the Condensed Consolidated Statement of Operations.

On January 1, 2019, the Company adopted ASC No. 842, *Leases*, and recognized right-of-use lease assets and related liabilities. The right-of-use assets and related liabilities include renewal options reasonably certain to be exercised. We base our lease calculations on our estimated incremental borrowing rate. As of March 31, 2020, our weighted average incremental borrowing rate was 4.9%.

During the three months ended March 31, 2020 and 2019, the Company's total operating lease cost was \$0.9 million and \$1.0 million, respectively, and the operating cash outflows from operating leases was \$0.8 million and \$0.9 million, respectively. As of March 31, 2020, the weighted average operating lease term was 28.3 years.

On January 31, 2019, we exercised our option pursuant to a ground lease agreement to purchase the land upon which our hotel property in Baltimore (Hunt Valley), MD is located for \$4.2 million, which resulted in a termination of obligations under the ground lease.

Operating lease maturities as of March 31, 2020 are as follows (in thousands):

2020	\$	1,630
2021		2,065
2022		1,840
2023		969
2024		908
Thereafter		28,906
Total lease payments ⁽¹⁾		36,318
Less interest		(16,934)
Total	\$	19,384

(1) Certain payments above include future increases to the minimum fixed rent based on the Consumer Price Index in effect at the initial measurement of the lease balances.

NOTE 7 - DERIVATIVE FINANCIAL INSTRUMENTS AND HEDGING

Information about our derivative financial instruments at March 31, 2020 and December 31, 2019 is as follows (dollars in thousands):

Contract date	Effective Date	Expiration Date	Average Annual Effective Fixed Rate	Notional Amount		Fair Value	
				March 31, 2020	December 31, 2019	March 31, 2020	December 31, 2019
October 2, 2017	January 29, 2018	January 31, 2023	1.98%	\$ 100,000	\$ 100,000	\$ (4,756)	\$ (1,316)
October 2, 2017	January 29, 2018	January 31, 2023	1.98%	100,000	100,000	(4,786)	(1,350)
June 11, 2018	September 28, 2018	September 30, 2024	2.87%	75,000	75,000	(8,316)	(4,389)
June 11, 2018	December 31, 2018	December 31, 2025	2.93%	125,000	125,000	(17,363)	(9,122)
				<u>\$ 400,000</u>	<u>\$ 400,000</u>	<u>\$ (35,221)</u>	<u>\$ (16,177)</u>

Our interest rate swaps have been designated as cash flow hedges and are valued using a market approach, which is a Level 2 valuation technique. At March 31, 2020 and December 31, 2019, all of our interest rate swaps were in a liability position as a result of a decline in short-term interest rates and a continued flattening of the forward yield curve. Our interest rate swaps are recorded in Accrued expenses and other in our Condensed Consolidated Balance Sheets. We are not required to post any collateral related to these agreements and are not in breach of any financial provisions of the agreements.

Changes in the fair value of the hedging instruments are deferred in Other comprehensive income and are reclassified to Interest expense in our Condensed Consolidated Statements of Operations in the period in which the hedged item affects earnings. In the next twelve months, we estimate that \$8.5 million will be reclassified from Other comprehensive income and recorded as an increase to Interest expense.

The table below details the location in the financial statements of the gain or loss recognized on derivative financial instruments designated as cash flow hedges (in thousands):

	For the Three Months Ended March 31,	
	2020	2019
Loss recognized in Other comprehensive income on derivative financial instruments	\$ (19,823)	\$ (5,497)
(Loss) gain reclassified from Other comprehensive income to Interest expense	\$ (779)	\$ 61
Total Interest expense in which the effects of cash flow hedges are recorded	<u>\$ (11,012)</u>	<u>\$ (10,852)</u>

NOTE 8 - EQUITY

Common Stock

The Company is authorized to issue up to 500,000,000 shares of common stock, \$0.01 par value per share. Each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors and, except as may be provided with respect to any other class or series of stock, the holders of such shares possess the exclusive voting power.

Changes in common stock during the three months ended March 31, 2020 and 2019 were as follows:

	For the Three Months Ended March 31,	
	2020	2019
Beginning common shares outstanding	105,169,515	104,783,179
Grants under the Equity Plan	676,171	537,304
Common Unit redemptions	4,956	—
Performance share and other forfeitures	(210,897)	(166,478)
Shares retained for employee tax withholding requirements	(65,345)	(73,892)
Ending common shares outstanding	<u>105,574,400</u>	<u>105,080,113</u>

Preferred Stock

The Company is authorized to issue up to 100,000,000 shares of preferred stock, \$0.01 par value per share, of which 90,600,000 is currently undesignated, 3,000,000 shares have been designated as 6.45% Series D Cumulative Redeemable Preferred Stock (the "Series D preferred shares") and 6,400,000 shares have been designated as 6.25% Series E Cumulative Redeemable Preferred Stock (the "Series E preferred shares").

The Company's outstanding shares of preferred stock (collectively, "Preferred Shares") rank senior to our common stock and on parity with each other with respect to the payment of dividends and distributions of assets in the event of a liquidation, dissolution, or winding up. The Preferred Shares do not have any maturity date and are not subject to mandatory redemption or sinking fund requirements. The Company may not redeem the Series D or Series E preferred shares prior to June 28, 2021 and November 13, 2022, respectively, except in limited circumstances relating to the Company's continuing qualification as a REIT or in connection with certain changes in control. After those dates, the Company may, at its option, redeem the applicable Preferred Shares, in whole or from time to time in part, by payment of \$25 per share, plus any accumulated, accrued and unpaid distributions up to, but not including, the date of redemption. If the Company does not exercise its rights to redeem the Preferred Shares upon certain changes in control, the holders of the Preferred Shares have the right to convert some or all of their shares into a number of the Company's common shares based on a defined formula, subject to a share cap, or alternative consideration. The share cap on each Series D preferred share is 3.9216 shares of common stock and each Series E preferred share is 3.1686 shares of common stock, all subject to certain adjustments.

The Company pays dividends at an annual rate of \$1.6125 for each Series D preferred share and \$1.5625 for each Series E preferred share. Dividend payments are made quarterly in arrears on or about the last day of February, May, August and November of each year.

Non-controlling Interests in Operating Partnership

Pursuant to the limited partnership agreement of our Operating Partnership, the unaffiliated third parties who hold Common Units in our Operating Partnership have the right to cause us to redeem their Common Units in exchange for cash based upon the fair value of an equivalent number of our shares of common stock at the time of redemption; however, the Company has the option to redeem Common Units with shares of our common stock on a one-for-one basis. The number of shares of our common stock issuable upon redemption of Common Units may be adjusted upon the occurrence of certain events such as share dividend payments, share subdivisions or combinations.

At March 31, 2020 and December 31, 2019, unaffiliated third parties owned 204,065 and 209,021 Common Units of the Operating Partnership, respectively, representing less than a 1% limited partnership interest in the Operating Partnership for each period.

We classify outstanding Common Units held by unaffiliated third parties as Non-controlling interests in the Operating Partnership, a component of equity in the Company's Condensed Consolidated Balance Sheets. The portion of net income allocated to these Common Units is reported on the Company's Condensed Consolidated Statements of Operations as Net income attributable to non-controlling interests of the Operating Partnership.

Non-controlling Interests in Joint Venture

In July 2019, the Company entered into a joint venture agreement with GIC, Singapore's sovereign wealth fund, to acquire assets that align with the Company's current investment strategy and criteria. The Company serves as general partner and asset manager of the joint venture and intends to invest 51% of the equity capitalization of the limited partnership, with GIC investing the remaining 49%. The Company earns fees for providing services to the joint venture and will have the potential to earn incentive fees based on the joint venture achieving certain return thresholds. As of March 31, 2020, the joint venture owns the five hotel properties acquired in 2019.

The joint venture owns the hotels through a master real estate investment trust ("Master REIT") and subsidiary REITs ("Subsidiary REIT"). All of the hotels owned by the joint venture are leased to taxable REIT subsidiaries of the Subsidiary REITs ("Subsidiary REIT TRSs"). To qualify as a REIT, the Master REIT and each Subsidiary REIT must meet all of the REIT requirements summarized under "Note 2 - Basis of Presentation and Significant Accounting Policies - Income Taxes." Taxable income related to the Subsidiary REIT TRSs is subject to federal, state and local income taxes at applicable tax rates.

We classify the Non-controlling interests in the joint venture as a component of equity in the Company's Condensed Consolidated Balance Sheets. The portion of net income (losses) allocated to these non-controlling interests is reported on the Company's Condensed Consolidated Statements of Operations as Net income (losses) attributable to non-controlling interests of the joint venture.

NOTE 9 - FAIR VALUE MEASUREMENT

The following table presents information about our financial instruments measured at fair value on a recurring basis at March 31, 2020 and December 31, 2019. In instances in which the inputs used to measure fair value fall into different levels of the fair value hierarchy, we classify assets and liabilities based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

Disclosures concerning financial instruments measured at fair value are as follows (in thousands):

	Fair Value Measurements at March 31, 2020 using			
	Level 1	Level 2	Level 3	Total
Assets:				
Purchase Options related to real estate loans	\$ —	\$ —	\$ 8,138	\$ 8,138
Liabilities:				
Interest rate swaps	—	35,221	—	35,221
	Fair Value Measurements at December 31, 2019 using			
	Level 1	Level 2	Level 3	Total
Assets:				
Purchase Options related to real estate loans	\$ —	\$ —	\$ 8,920	\$ 8,920
Liabilities:				
Interest rate swaps	—	16,177	—	16,177

Our Purchase Options related to real estate loans do not have readily determinable fair values. The original fair value of each Purchase Option was estimated using a binomial lattice or Black-Scholes model. Due to the adverse effects of the COVID-19 pandemic, we evaluated our Purchase Options for impairment at March 31, 2020. The fair value of each Purchase Option was estimated using the Black-Scholes model. The estimated fair values of the Purchase Options were based on unobservable inputs for which there is little or no market information available and required us to develop our own assumptions as follows (dollar amounts in thousands):

	Real Estate Loan 1	Real Estate Loan 2	Real Estate Loan 3	Real Estate Loan 4
Exercise price	\$ 15,143	\$ 17,377	\$ 5,503	\$ 37,800
Term	2.59 ⁽¹⁾⁽²⁾	2.68 ⁽¹⁾⁽²⁾	2.67 ⁽¹⁾⁽²⁾	1.42 ⁽³⁾
Expected volatility	65.0%	55.0%	55.0%	55.0%
Risk-free rate	0.3%	0.3%	0.3%	0.2%
Expected annualized equity dividend yield	6.5%	7.5%	17.1%	—%

(1) The purchase option is currently exercisable.

(2) The option term is the period from April 1, 2020 through the fully extended maturity dates of the respective mezzanine loans.

(3) The option term is the period from April 1, 2020 through the date in which the development project is completed and the option becomes exercisable.

During the three months ended March 31, 2020, we recorded a Loss on impairment of assets of \$0.8 million as follows (dollar amounts in thousands):

	Real Estate Loan 1	Real Estate Loan 2	Real Estate Loan 3	Real Estate Loan 4
Purchase Option value at December 31, 2019	\$ 2,382	\$ 2,761	\$ 977	\$ 2,800
Loss on impairment of assets	(782)	—	—	—
Purchase Option value at March 31, 2020	\$ 1,600	\$ 2,761	\$ 977	\$ 2,800

NOTE 10 - COMMITMENTS AND CONTINGENCIES

Restricted Cash

The Company maintains reserve funds for property taxes, insurance, capital expenditures and replacement or refurbishment of furniture, fixtures and equipment at some of our hotel properties in accordance with management, franchise or mortgage loan agreements. These agreements generally require us to reserve cash ranging from 2% to 5% of the revenues of the individual hotel in restricted cash escrow accounts. Any unused restricted cash balances revert to us upon the termination of the underlying agreement or may be released to us from the restricted cash escrow accounts upon proof of expenditures and approval from the lender or other party requiring the restricted cash reserves.

On April 13, 2020, as a result of the COVID-19 pandemic, Marriott International, Inc. (“Marriott”) agreed to allow us to use \$1.6 million of cash deposited in FF&E Reserve Accounts for seven of our Marriott-branded hotels managed by Marriott affiliates (“Marriott Hotels”) to pay for the working capital needs of the respective hotels. In addition, Marriott returned \$8.9 million to us from the FF&E Reserve Accounts (“Borrowed Reserve”) of the Marriott Hotels for general operational purposes. The Borrowed Reserve must be replenished into the respective FF&E Reserve Accounts in ten equal monthly installments beginning on the date that is twelve months prior to the next scheduled renovation date for each of the Marriott Hotels (“Renovation Date”) or in a lump sum payment no later than sixty days prior to each respective Renovation Date. Furthermore, Marriott has suspended our obligation to fund monthly FF&E reserves for the Marriott Hotels through August 31, 2020.

At March 31, 2020 and December 31, 2019, approximately \$28.6 million and \$27.6 million, respectively, was available in restricted cash reserve funds required by certain of our property managers, franchisors, or mortgage lenders for property taxes, insurance, capital expenditures and replacement or refurbishment of furniture, fixtures and equipment at our hotel properties.

Franchise Agreements

We expensed fees related to our franchise agreements of \$9.5 million and \$11.5 million for the three months ended March 31, 2020 and 2019.

Management Agreements

Our hotel properties operate pursuant to management agreements with various professional third-party management companies. We pay base management fees that are a percentage of gross room revenues and incentive management fees based on achievement of certain financial targets pursuant to contracts that generally have remaining terms of less than five years. Management fee expenses for the three months ended March 31, 2020 and 2019 were \$3.1 million and \$5.1 million, respectively.

Litigation

We are involved from time to time in litigation arising in the ordinary course of business. There are currently no pending legal actions that we believe would have a material effect on our financial position or results of operations.

NOTE 11 - EQUITY-BASED COMPENSATION

Our currently outstanding equity-based awards were issued under the Equity Plan which provides for the granting of stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalent rights, and other equity-based awards or incentive awards.

Stock options granted may be either incentive stock options or non-qualified stock options. Vesting terms may vary with each grant, and stock option terms are generally five to ten years. We have outstanding equity-based awards in the form of stock options and restricted stock awards. All of our outstanding equity-based awards are classified as equity awards.

Stock Options Granted Under our Equity Plan

As of March 31, 2020, we had 235,000 outstanding and exercisable stock options with a weighted average exercise price of \$9.75 per share and a weighted average contractual term of 0.9 years. At March 31, 2020, the exercise price of our outstanding and exercisable stock options exceeded the market price of our common stock, resulting in no intrinsic value.

Time-Based Restricted Stock Awards Made Pursuant to Our Equity Plan

The following table summarizes time-based restricted stock award activity under our Equity Plan for the three months ended March 31, 2020:

	Number of Shares	Weighted Average Grant Date Fair Value (per share)	Aggregate Current Value (in thousands)
Non-vested at December 31, 2019	448,467	\$ 12.51	\$ 5,534
Granted	299,562	8.47	
Vested	(172,170)	13.31	
Forfeited	(536)	8.47	
Non-vested at March 31, 2020	<u>575,323</u>	<u>\$ 10.17</u>	<u>\$ 2,336</u>

The awards granted to our non-executive employees generally vest over a four-year period based on continuous service (20% on the first, second and third anniversary of the grant date and 40% on the fourth anniversary of the grant date).

The awards granted to our executive officers generally vest over a three-year period based on continuous service (25% on the first and second anniversary of the grant date and 50% on the third anniversary of the grant date) or in certain circumstances upon a change in control.

The holders of these awards have the right to vote the related shares of common stock and receive all dividends declared and paid whether or not vested. The fair value of time-based restricted stock awards granted is calculated based on the market value of our common stock on the date of grant.

Performance-Based Restricted Stock Awards Made Pursuant to Our Equity Plan

The following table summarizes performance-based restricted stock activity under the Equity Plan for the three months ended March 31, 2020:

	Number of Shares	Weighted Average Grant Date Fair Value (1) (per share)	Aggregate Current Value (in thousands)
Non-vested at December 31, 2019	755,991	\$ 14.31	\$ 9,329
Granted	376,609	9.38	
Forfeited	(210,361)	17.13	
Non-vested at March 31, 2020	<u>922,239</u>	<u>\$ 11.65</u>	<u>\$ 3,744</u>

(1) The amounts included in this column represent the expected future value of the performance-based restricted stock awards calculated using the Monte Carlo simulation valuation model.

Our performance-based restricted stock awards are market-based awards and are accounted for based on the fair value of our common stock on the grant date. The fair value of the performance-based restricted stock awards granted was estimated using a Monte Carlo simulation valuation model. These awards generally vest over a three-year period based on our percentile ranking within the SNL U.S. REIT Hotel Index at the end of the period or upon a change in control. The awards require continued service during the measurement period and are subject to the other conditions described in the Equity Plan or award document.

The number of shares the executive officers may earn under these awards range from zero shares to twice the number of shares granted based on our percentile ranking within the index at the end of the measurement period. In addition, a portion of the performance-based shares may be earned based on the Company's absolute total shareholder return calculated during the performance period. The holders of these grants have the right to vote the granted shares of common stock and any dividends declared will be accumulated and will be subject to the same vesting conditions as the awards. Further, if additional shares are earned based on our percentile ranking within the index, dividend payments will be issued as if the additional shares had been held throughout the measurement period.

Equity-Based Compensation Expense

Equity-based compensation expense included in Corporate general and administrative expenses in the Condensed Consolidated Statements of Operations for the three months ended March 31, 2020 and 2019 was as follows (in thousands):

	For the Three Months Ended March 31,	
	2020	2019
Time-based restricted stock	\$ 602	\$ 542
Performance-based restricted stock	873	810
	<u>\$ 1,475</u>	<u>\$ 1,352</u>

We recognize equity-based compensation expense ratably over the vesting periods. The amount of expense may be subject to adjustment in future periods due to a change in the forfeiture assumptions.

Unrecognized equity-based compensation expense for all non-vested awards pursuant to our Equity Plan was \$12.0 million at March 31, 2020 and will be recorded as follows (in thousands):

	Total	2020	2021	2022	2023	2024
Time-based restricted stock	\$ 5,023	\$ 1,871	\$ 1,859	\$ 1,041	\$ 235	\$ 17
Performance-based restricted stock	6,928	2,686	2,654	1,392	196	—
	<u>\$ 11,951</u>	<u>\$ 4,557</u>	<u>\$ 4,513</u>	<u>\$ 2,433</u>	<u>\$ 431</u>	<u>\$ 17</u>

NOTE 12 - INCOME TAXES

As a REIT, we generally will not be subject to U.S. federal income tax on ordinary income and capital gains income generated by our REIT activities that we distribute to our stockholders. We are subject to federal and state income taxes on the earnings of our TRS Lessees. In addition, our Operating Partnership is subject to tax in a limited number of local and state jurisdictions.

We recorded Income tax expense of \$2.0 million and \$0.4 million for the three months ended March 31, 2020 and 2019, respectively. The \$2.0 million income tax expense includes a \$2.1 million discrete non-cash deferred income tax related to the establishment of valuation allowances against our TRS Lessees' deferred tax assets. Due to the effects of the COVID-19 pandemic, certain of our TRS Lessees have incurred operating losses in the past and are expected to be in a cumulative loss in the foreseeable future. A cumulative loss is significant negative evidence that the realizability of our deferred tax assets at March 31, 2020 is not reasonably assured. Therefore, we have recorded a valuation allowance of \$2.1 million against our deferred tax assets at March 31, 2020.

We had no unrecognized tax benefits at March 31, 2020. We expect no significant changes in unrecognized tax benefits within the next year.

The business tax provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020, include temporary changes to income and non-income-based tax laws. Some of the key income tax provisions include:

- Eliminating the 80% of taxable income limitations by allowing corporate entities to fully utilize net operating loss (NOL) carryforwards to offset taxable income in 2018, 2019, or 2020, and reinstating it for tax years after 2020;
- Allowing NOLs generated in 2018, 2019, or 2020, to be carried back five years;
- Increasing the net interest expense deduction limit to 50% of adjusted taxable income from 30% for the 2019 and 2020 tax years;
- Allowing taxpayers with alternative minimum tax credits to claim a refund for the entire amount of the credit instead of recovering the credit through refunds over a period of years, as required by the 2017 Tax Cut and Jobs Act;
- Allowing entities to deduct more of their charitable cash contributions made during calendar year 2020 by increasing the taxable income limitation to 25% from 10%; and
- Providing for an employee retention tax credit to offset the employer's share of payroll taxes for the period between March 13, 2020 and December 31, 2020. The credit is calculated based on 50% of qualifying wages, capped at the first \$10,000 of compensation.

We anticipate that our TRS Lessees will generate a net operating loss in 2020. As such, we expect a \$1.0 million future tax benefit from the NOL carry-back provisions provided in the CARES Act.

NOTE 13 - EARNINGS PER SHARE

We apply the two-class method of computing earnings per share, which requires the calculation of separate earnings per share amounts for our non-vested time-based restricted stock awards with non-forfeitable dividends and for our common stock. Our non-vested time-based restricted stock awards with non-forfeitable rights to dividends are considered securities which participate in undistributed earnings with common stock. Under the two-class computation method, net losses are not allocated to participating securities unless the holder of the security has a contractual obligation to share in the losses. Our non-vested time-based restricted stock awards with non-forfeitable dividends do not have such an obligation so they are not allocated losses.

Below is a summary of the components used to calculate basic and diluted earnings per share (in thousands, except per share):

	For the Three Months Ended March 31,	
	2020	2019
Numerator:		
Net (loss) income	\$ (16,214)	\$ 12,900
Less: Preferred dividends	(3,709)	(3,709)
Allocation to participating securities	(81)	(67)
Attributable to non-controlling interest in Operating Partnership	37	(23)
Attributable to non-controlling interests in joint venture	855	—
Net (loss) income attributable to common stockholders, net of amount allocated to participating securities	<u>\$ (19,112)</u>	<u>\$ 9,101</u>
Denominator:		
Weighted average common shares outstanding - basic	103,995	103,749
Dilutive effect of equity-based compensation awards	—	88
Weighted average common shares outstanding - diluted	<u>103,995</u>	<u>103,837</u>
(Loss) earnings per share:		
Basic and diluted	<u>\$ (0.18)</u>	<u>\$ 0.09</u>

All outstanding stock options were included in the computation of diluted earnings per share for the three months ended March 31, 2019 due to their dilutive effect. The Common Units held by the non-controlling interest holders have been excluded from the denominator of the diluted earnings per share as there would be no effect on the amounts since the limited partners' share of income would also be added to derive net income attributable to common stockholders. We had unvested performance-based restricted stock awards of 922,239 shares for the three months ended March 31, 2020 and 755,991 shares for the three months ended March 31, 2019, which were excluded from the denominator of the diluted earnings per share as the awards had not achieved the requisite performance conditions for vesting at each period end.

NOTE 14 - SUBSEQUENT EVENTS

Loan Amendments

On May 7, 2020, the Company entered into certain amendments related to the 2018 Unsecured Credit Facility, the 2018 Term Loan and the 2017 Term Loan that give us access to additional borrowing capacity of \$150.0 million, provide for a financial covenant waiver through March 31, 2021, and modify certain financial covenant measures for the final three quarters of 2021. See "Note 5 - Debt" for further information.

Dividends

On May 7, 2020, our Board of Directors declared cash dividends of \$0.403125 per share of 6.45% Series D Cumulative Redeemable Preferred Stock and \$0.390625 per share of 6.25% Series E Cumulative Redeemable Preferred Stock. These dividends are payable May 29, 2020 to stockholders of record on May 18, 2020.

Due to the effects of the COVID-19 pandemic on the Company, we have suspended the declaration and payment of dividends on our common stock and operating partnership units.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with our audited Consolidated Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations in our Form 10-K for the year ended December 31, 2019 and our unaudited interim Condensed Consolidated Financial Statements included in this Quarterly Report on Form 10-Q.

Unless stated otherwise or the context otherwise requires, references in this report to "we," "our," "us," "our company" or "the company" mean Summit Hotel Properties, Inc. and its consolidated subsidiaries.

Cautionary Statement about Forward-Looking Statements

This report contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies and expectations, are generally identifiable by use of the words "may," "could," "expect," "intend," "plan," "seek," "anticipate," "believe," "estimate," "predict," "forecast," "project," "potential," "continue," "likely," "will," "would" or similar expressions. Forward-looking statements in this report include, among others, statements about our business strategy, including acquisition and development strategies, industry trends, estimated revenues and expenses, ability to realize deferred tax assets and expected liquidity needs and sources (including capital expenditures and the ability to obtain financing or raise capital). You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors that are, in some cases, beyond our control and which could materially affect actual results, performances or achievements. Factors that may cause actual results to differ materially from current expectations include, but are not limited to:

- the effects of the novel coronavirus (COVID-19) pandemic and other infectious disease outbreaks;
- potential changes in operations as a result of laws or regulations imposed in the aftermath of, or changes in consumer behavior in response to, the COVID-19 pandemic;
- financing risks, including the risk of leverage and the corresponding risk of default on our existing indebtedness and potential inability to refinance or extend the maturities of our existing indebtedness;
- default by borrowers to which we lend or provide seller financing;
- global, national, regional and local economic and geopolitical conditions;
- levels of spending for business and leisure travel, as well as consumer confidence;
- supply and demand factors in our markets or sub-markets;
- the effect of alternative accommodations on our business;
- adverse changes in occupancy, average daily rate ("ADR") and revenue per available room ("RevPAR") and other hotel operating metrics;
- hostilities, including future terrorist attacks, or fear of hostilities that affect travel;
- financial condition of, and our relationships with, third-party property managers and franchisors;
- the degree and nature of our competition;
- increased interest rates;
- increased operating costs, including but not limited to labor costs;
- increased renovation costs, which may cause actual renovation costs to exceed our current estimates;
- changes in zoning laws;
- increases in real property taxes that are significantly higher than our expectations;
- risks associated with hotel acquisitions, including the ability to ramp up and stabilize newly acquired hotels with limited or no operating history or that require substantial amounts of capital improvements for us to earn stabilized economic returns consistent with our expectations at the time of acquisition;
- risks associated with dispositions of hotel properties, including our ability to successfully complete the sale of hotel properties under contract to be sold, including the risk that the purchaser may not have access to the capital needed to complete the purchase;
- the nature of our structure and transactions such that our federal and state taxes are complex and there is risk of successful challenges to our tax positions by the Internal Revenue Service ("IRS") or other federal and state taxing authorities;
- the recognition of taxable gains from the sale of hotel properties as a result of the inability to complete certain like-kind exchanges in accordance with Section 1031 of the Internal Revenue Code of 1986, as amended (the "IRC");
- availability of and our ability to retain qualified personnel;
- our failure to maintain our qualification as a real estate investment trust ("REIT") under the IRC;
- changes in our business or investment strategy;

- availability, terms and deployment of capital;
- general volatility of the capital markets and the market price of our common stock;
- environmental uncertainties and risks related to natural disasters;
- our ability to recover fully under third party indemnities or our existing insurance policies for insurable losses and our ability to maintain adequate or full replacement cost “all-risk” property insurance policies on our properties on commercially reasonable terms;
- the effect of a data breach or significant disruption of hotel operator information technology networks as a result of cyber-attacks that are greater than insurance coverages or indemnities from service providers;
- the effect on our interest rates if LIBOR is replaced with a new benchmark or performs differently than in the past;
- our ability to effectively manage our joint venture with our joint venture partner;
- current and future changes to the IRC; and
- the other factors discussed under the heading “Risk Factors” included in our Annual Report on Form 10-K for the year ended December 31, 2019.

Accordingly, there is no assurance that our expectations will be realized. Except as otherwise required by the federal securities laws, we disclaim any obligations or undertaking to publicly release any updates or revisions to any forward-looking statement contained herein (or elsewhere) to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

Overview

Summit Hotel Properties, Inc. is a self-managed hotel investment company that was organized in June 2010 and completed its initial public offering in February 2011. We focus on owning primarily premium-branded, select-service hotels. At March 31, 2020, our portfolio consisted of 72 hotels with a total of 11,288 guestrooms located in 23 states. We own our hotels in fee simple, except for four hotels which are subject to ground leases. As of March 31, 2020, we own 100% of the outstanding equity interests in 67 of our 72 hotels. We own a 51% controlling interest in five hotels acquired in 2019 through a joint venture. Our hotels are typically located in markets with multiple demand generators such as corporate offices and headquarters, retail centers, airports, state capitols, convention centers, and leisure attractions.

Our hotels operate under premium franchise brands owned by Marriott® International, Inc. (“Marriott”), Hilton® Worldwide (“Hilton”), Hyatt® Hotels Corporation (“Hyatt”) and InterContinental® Hotels Group (“IHG”).

We have elected to be taxed as a REIT for federal income tax purposes commencing with our short taxable year ended December 31, 2011. To qualify as a REIT, we cannot operate or manage our hotels. Accordingly, all of our hotels are leased to our taxable REIT subsidiaries (“TRS Lessees”). All of our hotels are operated pursuant to hotel management agreements between our TRS Lessees and professional third-party hotel management companies that are not affiliated with us as follows:

Management Company	Number of Properties	Number of Guestrooms
Affiliates of Aimbridge Hospitality, including Interstate Management Company, LLC ⁽¹⁾	30	4,533
OTO Development, LLC	12	1,696
Stonebridge Realty Advisors, Inc. and affiliates	9	1,312
Affiliates of Marriott, including Courtyard Management Corporation, SpringHill SMC Corporation and Residence Inn by Marriott, Inc.	7	1,176
Select Hotels Group, LLC, an affiliate of Hyatt	5	807
White Lodging Services Corporation	4	791
American Liberty Hospitality, Inc.	2	372
Fillmore Hospitality	1	261
Intercontinental Hotel Group Resources, Inc., an affiliate of IHG	1	252
Crestline Hotels & Resorts, LLC	1	88
Total	72	11,288

(1) On October 25, 2019, Aimbridge Hospitality announced that it had completed a merger with Interstate Hotels & Resorts.

Our typical hotel management agreement requires us to pay a base fee to our hotel manager calculated as a percentage of hotel revenues. In addition, our hotel management agreements generally provide that the hotel manager can earn an incentive fee for revenue or Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA") over certain thresholds or based on a return over our required preferred return. Our TRS Lessees may employ other hotel managers in the future. We do not, and will not, have any ownership or economic interest in any of the hotel management companies engaged by our TRS Lessees.

Our revenues are derived from hotel operations and consist of room revenue, food and beverage revenue and other hotel operations revenue. Revenues from our other hotel operations consist of ancillary revenues related to meeting rooms and other customer services provided at certain of our hotel properties.

Industry Trends and Outlook

Room-night demand in the U.S. lodging industry is generally correlated to certain macroeconomic trends. Key drivers of lodging demand include changes in gross domestic product, corporate profits, capital investments and employment. Volatility in the economy and risks arising from global and domestic political or economic conditions may cause slowing economic growth, which would have an adverse effect on lodging demand. During the first quarter ended March 31, 2020, the global and U.S. economies, and the travel and lodging industries, began to experience a significant downturn as a result of the effects of the COVID-19 global pandemic.

Effects of COVID-19 Pandemic on Our Business

On January 30, 2020, the World Health Organization ("WHO") declared a public health emergency of international concern related to a novel coronavirus ("COVID-19"), and on March 11, 2020, the WHO declared COVID-19 to be a pandemic. On March 15, 2020, the U.S. Centers for Disease Control and Prevention ("CDC") issued warnings against holding or attending gatherings larger than 50 people, including conferences, festivals, parades, concerts, sporting events, and weddings. By March 31, 2020, stay-at-home directives had been issued in many states across the United States that ultimately covered more than 316 million people in at least 42 states, the District of Columbia and Puerto Rico. Many local jurisdictions have additionally required the temporary closure of businesses deemed to be non-essential. These actions have had a significant negative effect on the U.S. and global economies, including a rapid and sharp decline in all forms of travel, both domestic and international, and a significant decline in the demand for hotels. This has resulted in a substantial decline in our revenues, profitability and cash flows from operations during the first quarter of 2020 and is expected to continue to materially adversely affect our operations and financial results until travel and business restrictions are eased, stay-at-home directives are lifted, consumer confidence is restored and an economic recovery commences. The COVID-19 pandemic has also significantly increased economic uncertainty and has led to disruption and volatility in the global capital markets, which could increase the cost of and limit accessibility to capital. Given that the COVID-19 pandemic has caused a significant economic slowdown, we believe it is increasingly likely that it could cause a global recession.

The effects of the COVID-19 pandemic on our operations were the primary drivers of a 21.8% decline in RevPAR during the quarter ended March 31, 2020 in comparison to the quarter ended March 31, 2019. Furthermore, our income from hotel operations declined from \$50.2 million during the three months ended March 31, 2019 to \$29.7 million for the three months ended March 31, 2020. The COVID-19 pandemic will continue to materially adversely affect our operations and financial performance in the second quarter of 2020 and beyond. It is currently extremely difficult to predict how long the adverse effects of the COVID-19 pandemic will continue, when an economic recovery will commence and the length of time it will take for us to return to operational and financial performance that is consistent with our most recent fiscal year.

Management's Actions in Response to the Effects of COVID-19 on Our Operations

We have taken the following actions to mitigate the negative effects of the COVID-19 pandemic on our consolidated financial position, results of operations and cash flows:

Operational Adjustments

On March 25, 2020, we announced that, due to the effects of the COVID-19 pandemic, we had suspended operations at certain hotels in response to specific government mandates or as the result of adverse market conditions. In response to the rapid decline in demand for room nights and loss of revenues, we, along with our property managers, evaluated each hotel in our portfolio to adjust the labor cost structures. From March 17, 2020 through April 3, 2020, we temporarily suspended full operational capabilities at 6 hotels containing 934 guestrooms and the operations remain suspended as of May 11, 2020. At an additional 9 of our hotels containing 1,278 guestrooms that are located in direct proximity to another one of our hotels ("Sister Property"), reservations continue to be accepted but guests are directed to stay at the Sister Property.

The majority of our hotels have remained open, but staffing levels have been significantly reduced to levels that safely and effectively maintain reasonable accommodations for our guests. As such, our open hotels are generally operating with a single employee per shift plus a limited housekeeping staff that are performing all the essential hotel functions, including enhanced cleaning and disinfecting to mitigate the spread of COVID-19.

Financial Measures and Liquidity

We have taken significant and decisive action to enhance our overall liquidity position in response to the pandemic's initial effects and anticipated future effects on our financial position. The following is a summary of certain measures that we have adopted in order to enhance our overall liquidity position:

- We have borrowed an additional net amount of \$100.0 million on our \$400 million unsecured revolving credit facility (the "\$400 Million Revolver") during the three months ended March 31, 2020 and an additional \$25.0 million on April 1, 2020 as a precautionary measure to provide sufficient liquidity to meet our funding needs for the foreseeable future. At April 30, 2020, we had \$144.3 million of consolidated unrestricted cash on hand and an additional \$150.0 million of undrawn availability on our \$400 Million Revolver, as amended by the First Amendment. We have no debt maturing before November 2022.
- We have amended certain loan agreements to provide for financial covenant waivers through March 31, 2021 and to modify certain financial covenant measures for the final three quarters of 2021.
- In May 2020, we suspended the declaration and payment of dividends on our common stock and operating partnership units. This will conserve an additional \$19.0 million of cash quarterly, or \$75.0 million on an annualized basis.
- We postponed all non-essential capital improvement projects planned for 2020 beyond those that are already substantially complete, which is expected to reduce previously planned total capital expenditures by at least \$35.0 million, or over 50% based on the midpoint of our previously provided guidance range of total capital expenditures for 2020.
- We have adopted comprehensive cost reduction initiatives, including the reduction of labor and temporary elimination of certain services and amenities, at all hotels. As described above, we have temporarily suspended operations at certain hotels in response to specific government mandates or as the result of adverse market conditions.
- We have implemented a voluntary 25% temporary reduction of base salaries and fees, respectively, for executive officers and independent members of the Board of Directors.
- We have furloughed approximately 25% of the corporate-level staff and temporary salary reductions have been implemented for the majority of employees not subject to furlough.
- We have implemented a temporary hiring freeze for any new corporate-level positions.

We are currently in compliance with all of our financial covenants under our various loan and mortgage agreements. On May 7, 2020, we amended our loan agreements as follows:

First Amendment to \$600.0 Million Senior Unsecured Credit Facility

On May 7, 2020, the Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor entered into the First Amendment to Credit Agreement (the "First Amendment") of the Operating Partnership's \$600 million senior unsecured credit facility (the "2018 Unsecured Credit Facility") with Deutsche Bank AG New York Branch, as administrative agent, and a syndicate of lenders.

The First Amendment provides that certain financial and other covenants under the 2018 Unsecured Credit Facility were waived or adjusted, for the periods described below:

- Waivers of all financial and certain other covenants in the 2018 Unsecured Credit Facility for the period April 1, 2020 through March 31, 2021; and
- Adjustments to certain financial covenants for the period April 1, 2021 through December 31, 2021 including:
 - Increases in the Maximum Leverage Ratio, adjusting down each quarter of 2021;
 - Reduction of the Minimum Consolidated Fixed Charge Coverage Ratio;
 - Increase of the Maximum Unsecured Leverage Ratio; and
 - Reduction of the Minimum Unsecured Interest Coverage Ratio;
- Increases to the Maximum Leverage Ratio for the calendar year 2022, adjusting down throughout 2022.

The interest rate during the periods of the financial and covenant waivers and adjustments will be set at Pricing Level VII, as defined in the 2018 Unsecured Credit Facility documents.

The First Amendment requires the borrower and certain subsidiaries to pledge to the secured parties all of the equity interests in the entities that own all properties included in the unencumbered asset pool supporting the facility ("Unencumbered Properties"), as well as the equity interests in the TRS lessees related to such Unencumbered Properties until the borrower meets certain conditions for their release.

The First Amendment confirmed that the borrower may advance up to an additional \$100 million on the existing revolving facility. Furthermore, the First Amendment permits the borrower to advance an additional \$50 million, in addition to the \$100 million advance described in the preceding sentence, upon filing mortgages and related security agreements on all Unencumbered Properties, with such security documents to be released upon the borrower meeting certain conditions for their release.

Certain other typical limitations and conditions for credit facilities of this nature were included among the provisions in the First Amendment including, among other provisions, limitations on the use of revolving facility advances, certain restrictions on payments of dividends and establishment of a minimum liquidity requirement.

Third Amendment to \$225.0 Million 2018 Term Loan

On May 7, 2020, the Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor entered into the Third Amendment to the First Amended and Restated Credit Agreement (the "Third Amendment") of the Operating Partnership's \$225 million 2018 term loan (the "2018 Term Loan") with KeyBank National Association, as administrative agent, and a syndicate of lenders. The changes to the 2018 Term Loan effected by the Third Amendment are substantially similar to the changes described above effected by the First Amendment to the Company's 2018 Unsecured Credit Facility.

Second Amendment to \$225.0 Million 2017 Term Loan

On May 7, 2020, the Operating Partnership, as borrower, the Company, as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor entered into the Second Amendment to the Credit Agreement (the "Second Amendment") of the Operating Partnership's \$225 million 2017 term loan (the "2017 Term Loan") with KeyBank National Association, as administrative agent, and a syndicate of lenders. The changes to the 2017 Term Loan effected by the Second Amendment are substantially similar to the changes described above effected by the First Amendment to the Company's 2018 Unsecured Credit Facility.

We expect that the operational, financial and liquidity measures that we have taken will allow us to meet our funding needs for at least the next twelve months. However, there is substantial uncertainty as to how long the economic hardship caused by the COVID-19 pandemic will last and the timing and rate of an economic recovery afterwards. As such, there can be no assurance that we will be able to maintain sufficient liquidity or secure additional capital in the future that may be necessary to operate our business without experiencing further deterioration of our operations, consolidated financial position or results of operations.

Use of FF&E Reserve Funds

On April 13, 2020, as a result of the COVID-19 pandemic, Marriott International, Inc. (“Marriott”) agreed to allow us to use \$1.6 million of cash deposited in FF&E Reserve Accounts for seven of our Marriott-branded hotels managed by Marriott affiliates (“Marriott Hotels”) to pay for the working capital needs of the respective hotels. In addition, Marriott returned \$8.9 million to us from the FF&E Reserve Accounts (“Borrowed Reserve”) of the Marriott Hotels for general operational purposes. The Borrowed Reserve must be replenished into the respective FF&E Reserve Accounts in ten equal monthly installments beginning on the date that is twelve months prior to the next scheduled renovation date for each of the Marriott Hotels (“Renovation Date”) or in a lump sum payment no later than sixty days prior to each respective Renovation Date. Furthermore, Marriott has suspended our obligation to fund monthly FF&E reserves for the Marriott Hotels through August 31, 2020.

Tax Relief

The business tax provisions of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which was signed into law on March 27, 2020, include temporary changes to income and non-income-based tax laws. Some of the key income tax provisions include:

- Eliminating the 80% of taxable income limitations by allowing corporate entities to fully utilize net operating loss (NOL) carryforwards to offset taxable income in 2018, 2019, or 2020, and reinstating it for tax years after 2020;
- Allowing NOLs generated in 2018, 2019, or 2020, to be carried back five years;
- Increasing the net interest expense deduction limit to 50% of adjusted taxable income from 30% for the 2019 and 2020 tax years;
- Allowing taxpayers with alternative minimum tax credits to claim a refund for the entire amount of the credit instead of recovering the credit through refunds over a period of years, as required by the 2017 Tax Cut and Jobs Act;
- Allowing entities to deduct more of their charitable cash contributions made during calendar year 2020 by increasing the taxable income limitation to 25% from 10%; and
- Providing for an employee retention tax credit to offset the employer’s share of payroll taxes for the period between March 13, 2020 and December 31, 2020. The credit is calculated based on 50% of qualifying wages, capped at the first \$10,000 of compensation.

We anticipate that our TRS Lessees will generate a net operating loss in 2020. As such, we expect a \$1.0 million future tax benefit from the NOL carry-back provisions provided in the CARES Act.

Modification of TRS Leases

All of our hotels are leased by either our operating partnership, Summit Hotel OP, LP (“Operating Partnership”), or subsidiary REITs to our TRS Lessees. Economic challenges caused by the COVID-19 pandemic have resulted in the temporary suspension of operations of certain hotels and significantly reduced operations at the hotels that have remained open for business. Many of our TRS Lessees have temporarily suspended their payments of rents and may require lease modifications in the future to reflect the current market conditions and better enable the TRS Lessees to manage their operations and cash flows at reduced levels. The suspension or modification of the rents related to our TRS Lessees has no effect on our consolidated financial position or results of operations. However, it will increase the income of our TRS Lessees on a stand-alone basis.

Health and Well-being

We work closely with our brand partners and property managers to ensure the safety and well-being of our guests and our property managers' employees. The health and safety procedures at our hotels are designed and have been enhanced to address a broad spectrum of pathogens and viruses, including COVID-19, and include personal hygiene such as frequent and thorough hand-washing, cleaning product specifications, availability of disinfecting products for our guests, and guestroom and common area cleaning procedures. Our hotels have increased the frequency of cleaning throughout the hotels, with focused attention on high-touch areas such as entrances, public spaces, laundry rooms and staff offices.

Forward-looking Information and Use of Estimates

The full effects of the COVID-19 pandemic on our Company will depend on future developments, such as the ultimate duration and scope of the outbreak, its effect on our customers, brands and business partners, the rate at which normal economic conditions, operations, and the demand for lodging resume, and the magnitude of the recessionary conditions in any of our markets. Accordingly, the full effects on our Company cannot be determined at this time; however, despite the uncertainty of the effects of the COVID-19 pandemic, we expect our full year 2020 results of operations to be adversely affected. While the potential magnitude and duration of the business and economic effects of COVID-19 are uncertain, we believe that we will begin to experience a recovery in our business during the second half of 2020 and operating performance will improve gradually over a multi-year period before reaching prior peak performance levels. We believe that a recovery in business conditions resulting in positive operating cash flows, together with cash on hand, and the current availability under our credit facilities, will provide sufficient liquidity to fund operations for at least the next twelve months. There can be no assurance that the assumptions used to evaluate the carrying amounts of our assets or to estimate our liquidity requirements will be correct. For additional information on the current and potential future effects of the COVID-19 pandemic, please see Item 1A. Risk Factors.

Our Hotel Property Portfolio

At March 31, 2020, our portfolio consisted of 72 hotels with a total of 11,288 guestrooms. According to current chain scales as defined by STR, Inc., two of our hotel properties with 280 guestrooms are categorized as Upper-upscale hotels, 60 of our hotel properties with 9,537 guestrooms are categorized as Upscale hotels and 10 of our hotel properties with 1,471 guestrooms are categorized as Upper-midscale hotels. Information about our hotel properties as of March 31, 2020 is as follows:

Franchise/Brand	Number of Hotel Properties	Number of Guestrooms
Marriott		
Courtyard by Marriott	15	2,761
Residence Inn by Marriott	11	1,636
SpringHill Suites by Marriott	5	761
AC Hotel by Marriott	1	255

Holiday Inn Express & Suites	2	345
Staybridge Suites	1	121
Hotel Indigo	1	115
Total IHG	4	581
Total	72	11,288

Hotel Property Portfolio Activity

We continuously consider ways in which to refine our portfolio of properties to drive growth and create value. In the normal course of business, we evaluate opportunities to acquire additional properties that meet our investment criteria and opportunities to recycle capital through the disposition of properties. As such, the composition and size of our portfolio of properties may change materially over time. Significant changes to our portfolio of properties would have a material effect on our Condensed Consolidated Financial Statements.

See "Note 3 - Investment in Hotel Properties, net" to the Condensed Consolidated Financial Statements for additional information concerning our asset acquisitions, development, and dispositions.

Results of Operations

The comparisons that follow should be reviewed in conjunction with the unaudited interim Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q.

Comparison of the Three Months Ended March 31, 2020 with the Three Months Ended March 31, 2019

The following table contains key operating metrics for our total portfolio and our same-store portfolio for the three months ended March 31, 2020 compared with the three months ended March 31, 2019 (dollars in thousands, except ADR and RevPAR). We define same-store hotels as properties that we owned as of March 31, 2020 and that we have owned or leased at all times since January 1, 2019.

	For the Three Months Ended March 31,				Quarter-over-Quarter		Quarter-over-Quarter	
	2020		2019		Dollar Change		Percentage/Basis Point Change	
	Total Portfolio (72 hotels)	Same-Store Portfolio (67 hotels)	Total Portfolio (75 hotels)	Same-Store Portfolio (67 hotels)	Total Portfolio (72/75 hotels)	Same-Store Portfolio (67 hotels)	Total Portfolio (72/75 hotels)	Same-Store Portfolio (67 hotels)
Revenues:								
Room	\$ 98,603	\$ 90,735	\$ 128,100	\$ 118,975	\$ (29,497)	\$ (28,240)	(23.0)%	(23.7)%
Food and beverage	4,884	4,582	6,020	5,783	(1,136)	(1,201)	(18.9)%	(20.8)%
Other	4,898	4,531	4,832	4,655	66	(124)	1.4 %	(2.7)%
Total	\$ 108,385	\$ 99,848	\$ 138,952	\$ 129,413	\$ (30,567)	\$ (29,565)	(22.0)%	(22.8)%
Expenses:								
Room	\$ 24,573	\$ 22,835	\$ 27,840	\$ 25,333	\$ (3,267)	\$ (2,498)	(11.7)%	(9.9)%
Food and beverage	4,037	3,712	4,538	4,295	(501)	(583)	(11.0)%	(13.6)%
Other hotel operating expenses	35,283	32,679	39,859	36,531	(4,576)	(3,852)	(11.5)%	(10.5)%
Total	\$ 63,893	\$ 59,226	\$ 72,237	\$ 66,159	\$ (8,344)	\$ (6,933)	(11.6)%	(10.5)%
Operational Statistics:								
Occupancy	61.4%	61.3%	76.4%	76.5%	n/a	n/a	(1,502) bps	(1,520) bps
ADR	\$ 156.44	\$ 155.05	\$ 160.80	\$ 164.74	\$ (4.36)	\$ (9.69)	(2.7)%	(5.9)%
RevPAR	\$ 95.99	\$ 95.05	\$ 122.81	\$ 126.03	\$ (26.82)	\$ (30.98)	(21.8)%	(24.6)%

Changes from the three months ended March 31, 2020 compared with the three months ended March 31, 2019 were due to the following:

- *Revenues.* The decline in total revenues was primarily related to the same-store portfolio as incremental revenues from acquired properties were offset by declines related to disposed properties. The decline in same-store revenues was primarily due to a significant decline in occupancy in the last few weeks of the quarter ended March 31, 2020 as a result of the COVID-19 pandemic. See "*Industry Trends and Outlook - Effects of COVID-19 Pandemic on Our Business*" for further information.
- *RevPAR.* The declines in RevPAR were primarily due to a significant decline in occupancy in the last few weeks of the quarter ended March 31, 2020 as a result of the COVID-19 pandemic. See "*Industry Trends and Outlook - Effects of COVID-19 Pandemic on Our Business*" for further information.
- *Expenses.* We have taken comprehensive cost reduction initiatives, including the reduction of labor and temporary elimination of certain services and amenities, at all hotels which led to the decline in operating expenses.

The following table includes other consolidated income and expenses for the three months ended March 31, 2020 compared with the three months ended March 31, 2019 (dollars in thousands).

	For the Three Months Ended March 31,		Dollar Change	Percentage Change
	2020	2019		
Property taxes, insurance and other	\$ 11,698	\$ 11,408	\$ 290	2.5 %
Management fees	3,072	5,146	(2,074)	(40.3)%
Depreciation and amortization	27,079	25,536	1,543	6.0 %
Corporate general and administrative	4,668	5,990	(1,322)	(22.1)%
Provision for credit losses	2,530	—	2,530	100.0 %
Loss on impairment of assets	782	—	782	100.0 %
(Loss) gain on disposal of assets, net	(3)	4,166	(4,169)	(100.1)%
Interest expense	11,012	10,852	160	1.5 %
Other income, net	2,106	1,301	805	61.9 %
Income tax expense	1,968	350	1,618	462.3 %

Changes from the three months ended March 31, 2020 compared with the three months ended March 31, 2019 were due to the following:

- *Property Taxes, Insurance and Other.* This increase is primarily due to increased insurance premiums related to our casualty and general liability policies.
- *Management Fees.* This decrease is primarily due to reduced consolidated revenues, upon which management fees are based, as a result of the COVID-19 pandemic.
- *Depreciation and Amortization.* This increase is due to incremental depreciation associated with the hotels acquired in 2019 of \$3.1 million and an increase in depreciation expense of \$0.3 million for the same-store portfolio, partially offset by a decrease in depreciation expense of \$1.9 million related to the hotel properties sold after December 31, 2018.
- *Corporate General and Administrative.* This decline is primarily due to decreases in incentive compensation costs as a result of our comprehensive cost reduction initiatives in response to the COVID-19 pandemic.

- *Provision for Credit Losses.* We evaluated our notes receivable for potential credit losses by estimating the fair value of the collateral supporting each note receivable at March 31, 2020 based on assumptions related to the expected future performance of the collateral assets and the resulting anticipated net selling value of the assets at capitalization rates that are common for the asset class. During the three months ended March 31, 2020, we recorded a Provision for credit losses of \$2.5 million due to the effects of the COVID-19 pandemic.
- *Loss on Impairment of Assets.* Due to the adverse effects of the COVID-19 pandemic, we evaluated our purchase options for impairment at March 31, 2020. On the basis of our impairment evaluation, we recorded a Loss on impairment of assets of \$0.8 million related to one of our purchase options. See "Note 9 - Fair Value Measurement" to the Condensed Consolidated Financial Statements for further information.
- *(Loss) gain on Disposal of Assets.* This decrease is primarily due to the sale of two hotels in the three months ended March 31, 2019 for a net gain of \$4.2 million.
- *Interest Expense.* Interest expense increased slightly as a result of increased borrowings, offset by declines in base interest rates.
- *Other Income.* This increase is primarily due to a decline in debt transaction costs of \$0.7 million and an increase in interest income of \$0.4 million as a result of an increase in the balance of real estate loans, partially offset by net casualty recoveries of \$0.4 million during the three months ended March 31, 2019.
- *Income Tax Expense.* The \$2.0 million income tax expense includes a \$2.1 million discrete non-cash deferred income tax related to the establishment of valuation allowances against our TRS Lessees' deferred tax assets.

Non-GAAP Financial Measures

We disclose certain "non-GAAP financial measures," which are measures of our historical financial performance. Non-GAAP financial measures are financial measures not prescribed by Generally Accepted Accounting Principles ("GAAP"). These measures are as follows: (i) Funds From Operations ("FFO") and Adjusted Funds from Operations ("AFFO"), (ii) Earnings before Interest, Taxes, Depreciation and Amortization ("EBITDA"), Earnings before Interest, Taxes, Depreciation and Amortization for Real Estate ("EBITDAre") and Adjusted EBITDAre (as described below). We caution investors that amounts presented in accordance with our definitions of non-GAAP financial measures may not be comparable to similar measures disclosed by other companies, since not all companies calculate these non-GAAP financial measures in the same manner. Our non-GAAP financial measures should be considered along with, but not as alternatives to, net income (loss) as a measure of our operating performance. Our non-GAAP financial measures may include funds that may not be available for our discretionary use due to functional requirements to conserve funds for capital expenditures, property acquisitions, debt service obligations and other commitments and uncertainties. Although we believe that our non-GAAP financial measures can enhance the understanding of our financial condition and results of operations, these non-GAAP financial measures are not necessarily better indicators of any trend as compared to a comparable measure prescribed by GAAP such as net income (loss).

FFO and AFFO

As defined by Nareit, FFO represents net income or loss (computed in accordance with GAAP), excluding preferred dividends, gains (or losses) from sales of real property, impairment losses on real estate assets, items classified by GAAP as extraordinary, the cumulative effect of changes in accounting principles, plus depreciation and amortization related to real estate assets, and adjustments for unconsolidated partnerships, and joint ventures. AFFO represents FFO excluding amortization of deferred financing costs, franchise fees, equity-based compensation expense, debt transaction costs, premiums on redemption of preferred shares, losses from net casualties, non-cash lease expense, non-cash interest income and non-cash income tax related adjustments to our deferred tax assets. Unless otherwise indicated, we present FFO and AFFO applicable to our common shares and common units. We present FFO and AFFO because we consider FFO and AFFO important supplemental measures of our operational performance and believe they are frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO and AFFO when reporting their results. FFO and AFFO are intended to exclude GAAP historical cost depreciation and amortization, which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO and AFFO exclude depreciation and amortization related to real estate assets, gains and losses from real property dispositions and impairment losses on real estate assets, FFO and AFFO provide performance measures that, when compared year over year, reflect the effect to operations from trends in occupancy, guestroom rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from net income. Our computation of FFO differs slightly from the computation of Nareit-defined FFO related to the reporting of corporate depreciation and amortization expense. Our computation of FFO may also differ from the methodology for calculating FFO used by other equity REITs and, accordingly, may not be comparable to such other REITs. FFO and AFFO should not be considered as alternatives to net income (loss) (computed in accordance with GAAP) as an indicator of our liquidity, nor are they indicative of funds available to fund our cash needs, including our ability to pay dividends or make distributions. Where indicated in this

Quarterly Report on Form 10-Q. FFO is based on our computation of FFO and not the computation of Nareit-defined FFO unless otherwise noted.

The following is a reconciliation of our GAAP net income to FFO and AFFO for the three months ended March 31, 2020 and 2019 (in thousands, except per share/unit amounts):

	For the Three Months Ended March 31,	
	2020	2019
Net (loss) income	\$ (16,214)	\$ 12,900
Preferred dividends	(3,709)	(3,709)
Loss related to non-controlling interests in joint venture	855	—
Net (loss) income applicable to common shares and common units	(19,068)	9,191
Real estate-related depreciation	26,964	25,425
Loss on impairment of assets	782	—
Loss (gain) on disposal of assets, net	3	(4,166)
Provision for credit losses	2,530	—
Adjustments related to non-controlling interests in consolidated joint venture	(1,413)	—
FFO applicable to common shares and common units	9,798	30,450
Amortization of lease-related intangible assets, net	22	35
Amortization of deferred financing costs	457	381
Amortization of franchise fees	115	111
Equity-based compensation	1,475	1,352
Debt transaction costs	1	713
Non-cash interest income	(791)	(507)
Non-cash lease expense, net	109	156
Casualty losses (recoveries), net	89	(427)
Increase in deferred tax asset valuation allowance	2,058	—
Adjustments related to non-controlling interests in consolidated joint venture	(64)	—
AFFO applicable to common shares and common units	\$ 13,269	\$ 32,264
Weighted average diluted common shares/common units ⁽¹⁾	104,298	104,198
FFO per common share/common unit	\$ 0.09	\$ 0.29
AFFO per common share/common unit	\$ 0.13	\$ 0.31

(1) Includes common units in the Operating Partnership held by limited partners (other than us and our subsidiaries) because the common units are redeemable for cash or, at our election, shares of our common stock.

AFFO applicable to common shares and common units decreased \$19.0 million, or 58.9%, for the three months ended March 31, 2020 compared to the same period of 2019 due to a significant decline in occupancy in the last few weeks of the quarter ended March 31, 2020 as a result of the COVID-19 pandemic. See "Industry Trends and Outlook - Effects of COVID-19 Pandemic on Our Business" for further information.

EBITDA, EBITDAre and Adjusted EBITDAre

EBITDA

EBITDA represents net income or loss, excluding: (i) interest, (ii) income tax expense and (iii) depreciation and amortization. We believe EBITDA is useful to an investor in evaluating our operating performance because it provides investors with an indication of our ability to incur and service debt, to satisfy general operating expenses, to make capital expenditures and to fund other cash needs or reinvest cash into our business. We also believe it helps investors meaningfully evaluate and compare the results of our operations from period to period by removing the effect of our asset base (primarily depreciation and amortization) from our operating results. Our management team also uses EBITDA as one measure in determining the value of acquisitions and dispositions.

EBITDAre and Adjusted EBITDAre

EBITDAre is based on EBITDA and is expected to provide additional relevant information about REITs as real estate companies in support of growing interest among generalist investors. EBITDAre is intended to be a supplemental non-GAAP performance measure that is independent of a company's capital structure and will provide a uniform basis to measure the enterprise value of a company compared to other REITs.

EBITDAre, as defined by Nareit, is calculated as EBITDA, excluding: (i) loss and gains on disposition of property and (ii) asset impairments, if any. We believe EBITDAre is useful to an investor in evaluating our operating performance because it provides investors with an indication of our ability to incur and service debt, to satisfy general operating expenses, to make capital expenditures and to fund other cash needs or reinvest cash into our business. We also believe it helps investors meaningfully evaluate and compare the results of our operations from period to period by removing the effect of our asset base (primarily depreciation and amortization) from our operating results.

We make additional adjustments to EBITDAre when evaluating our performance because we believe that the exclusion of certain additional non-recurring or certain non-cash items described below provides useful supplemental information to investors regarding our ongoing operating performance. We believe that the presentation of Adjusted EBITDAre, when combined with the primary GAAP presentation of net income, is useful to an investor in evaluating our operating performance because it provides investors with an indication of our ability to incur and service debt, to satisfy general operating expenses, to make capital expenditures and to fund other cash needs or reinvest cash into our business. We also believe it helps investors meaningfully evaluate and compare the results of our operations from period to period by removing the effect of our asset base (primarily depreciation and amortization) from our operating results.

The following is a reconciliation of our GAAP net income to EBITDA, EBITDA_{re} and Adjusted EBITDA_{re} for the three months ended March 31, 2020 and 2019 (in thousands):

	For the Three Months Ended March 31,	
	2020	2019
Net (loss) income	\$ (16,214)	\$ 12,900
Depreciation and amortization	27,079	25,536
Interest expense	11,012	10,852
Interest income	(56)	(69)
Income tax expense	1,968	350
EBITDA	<u>23,789</u>	<u>49,569</u>
Loss on impairment of assets	782	—
Provision for credit losses	2,530	—
Loss (gain) on disposal of assets, net	3	(4,166)
EBITDA _{re}	27,104	45,403
Amortization of lease-related intangible assets, net	22	35
Equity-based compensation	1,475	1,352
Debt transaction costs	1	713
Non-cash interest income	(791)	(507)
Non-cash lease expense, net	109	156
Casualty losses (recoveries), net	89	(427)
Loss related to non-controlling interests in joint venture	855	—
Adjustments related to non-controlling interests in consolidated joint venture	(2,114)	—
Adjusted EBITDA _{re}	<u>\$ 26,750</u>	<u>\$ 46,725</u>

Adjusted EBITDA_{re} decreased \$20.0 million, or 42.8%, for the three months ended March 31, 2020 compared to the same period of 2019 due to a significant decline in occupancy in the last few weeks of the quarter ended March 31, 2020 as a result of the COVID-19 pandemic. See *"Industry Trends and Outlook - Effects of COVID-19 Pandemic on Our Business"* for further information.

Liquidity and Capital Resources

The effects of the COVID-19 pandemic have adversely affected our financial position and cash flows from operations. During the three months ended March 31, 2020, we borrowed a net amount of \$100.0 million on our \$400 million unsecured revolving credit facility (the "\$400 Million Revolver") and an additional \$25.0 million on April 1, 2020 as a precautionary measure. Additionally, subsequent to March 31, 2020 we amended our loan agreements to provide additional borrowing capacity of \$150.0 million. The COVID-19 pandemic has also significantly increased economic uncertainty and has led to disruption and volatility in the global capital markets, which could increase the cost of and limit accessibility to capital. As such, our ability to raise capital through public or private offerings of our equity securities may be limited until an economic recovery commences and capital markets resume operating at pre-pandemic levels. Additionally, certain factors may have an adverse effect on our ability to access capital sources, including our financial performance, degree of leverage, the value of our unencumbered hotel properties, borrowing restrictions imposed by lenders, volatility in the equity and debt capital markets and other market conditions. Financing may not be available to us, or on terms that are attractive to us.

Our short-term liquidity requirements consist primarily of operating expenses and other expenditures directly associated with our hotel properties, recurring maintenance and capital expenditures necessary to maintain our hotel properties in accordance with internal and brand standards, capital expenditures to maintain our hotel properties, hotel development costs, interest payments, settlement of interest rate swaps, scheduled principal payments on outstanding indebtedness, restricted cash funding obligations, mezzanine loan funding commitments, joint venture capital requirements, corporate overhead, and distributions to our stockholders when declared. Our long-term liquidity requirements consist primarily of the costs of acquiring additional hotel properties, renovations and other non-recurring capital expenditures that periodically are made with respect to our hotel properties, dividend distributions, and scheduled debt payments, including maturing loans.

To satisfy the requirements for qualification as a REIT, we must meet a number of organizational and operational requirements, including that we distribute annually at least 90% of our REIT taxable income to our stockholders, determined without regard to the deduction for dividends paid and excluding any net capital gains. We intend to distribute a sufficient amount of our taxable income to maintain our status as a REIT and to avoid tax on undistributed income.

We have provided mezzanine loans on four real estate development projects to fund up to an aggregate of \$58.4 million for the development of four hotel properties. Three of the real estate development loans, which closed in the fourth quarter of 2017, are fully funded. Each has a stated interest rate of 8.0% and an initial term of approximately three years. One of the real estate development loans, which closed in the third quarter of 2019, has \$9.5 million funded as of March 31, 2020, and has a stated interest rate of 9.0% and an initial term of 30 months. As of March 31, 2020, we have funded \$39.1 million of our loan commitments.

We expect to be able to meet our liquidity requirements and other cash obligations from our cash and cash equivalents on hand at March 31, 2020 totaling \$131.3 million and our additional borrowing capacity of \$150.0 million resulting from the loan documentation amendments described under Item 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations - Management's Actions in Response to the Effects of COVID-19 on Our Operations - Financial Measures and Liquidity.*

We evaluated our notes receivable for potential credit losses by estimating the fair value of the collateral supporting each note receivable at March 31, 2020 based on assumptions related to the expected future performance of the collateral assets and the resulting anticipated net selling value of the assets at capitalization rates that are common for the asset class. Our current estimate of credit losses of \$2.5 million is recorded as an allowance for credit losses at March 31, 2020 as a result of the COVID-19 pandemic.

Outstanding Indebtedness

Subsequent to quarter-end, at April 30, 2020, we had borrowed \$420.0 million on our 2018 Unsecured Credit Facility, which included borrowings of \$200.0 million on our \$200 Million Term Loan and \$220.0 million on our \$400 Million Revolver. Additionally, we had \$225.0 million outstanding on our 2017 Term Loan and \$225.0 million outstanding on our 2018 Term Loan. Each of the credit facilities was supported by the 52 hotel properties included in the credit facility borrowing base.

Subsequent to quarter-end, at April 30, 2020, our subsidiary joint venture had \$140.0 million outstanding on our Joint Venture Credit Facility, which included borrowings of \$75.0 million on its \$75 million term loan and \$65.0 million on its \$125 million revolving line of credit. The Joint Venture Credit Facility was supported by the five hotel properties in the joint venture.

At March 31, 2020, we have scheduled debt principal amortization payments during the next twelve months totaling \$3.8 million and no debt maturities. Although we believe that we will have the capacity to pay these scheduled principal debt payments or that we will be able to fund them using draws under our \$400 Million Revolver, there can be no assurances that our credit facility will be available to repay such amortizing debt as draws under our credit facility are subject to meeting certain financial covenants.

We intend to use our cash and cash equivalents of \$131.3 million at March 31, 2020, our \$150.0 million borrowing capacity under our 2018 Unsecured Credit Facility, utilize our Joint Venture Credit Facility, secure or assume term loan financing, or obtain new financing to fund cash requirements. We may not succeed in obtaining new financing on favorable terms, or at all, and we cannot predict the size or terms of future financings. Our failure to obtain new financing could adversely affect our ability to grow our business.

We have obtained financing through debt instruments having staggered maturities and intend to continue to do so in the future. Our debt includes, and may include in the future, debt secured by stock pledges, debt secured by first priority mortgage liens on certain hotel properties and unsecured debt. We believe that we will have adequate liquidity to meet the requirements for scheduled maturities and principal repayments. However, we can provide no assurance that we will be able to refinance our indebtedness as it becomes due and, if refinanced, whether such refinancing will be available on favorable terms.

Our outstanding indebtedness requires us to comply with various financial and other covenants. At March 31, 2020, we were in compliance with the financial covenants in all of our loan agreements. On May 7, 2020, the Company entered into certain amendments of the 2018 Unsecured Credit Facility, the 2018 Term Loan and the 2017 Term Loan that give us access to additional borrowing capacity of \$150.0 million, provide for financial covenant waivers through March 31, 2021, and modify certain financial covenant measures for the final three quarters of 2021.

See "Note 5 - Debt" to the Condensed Consolidated Financial Statements for additional information concerning the loan amendments and our financing arrangements.

A summary of our gross debt at March 31, 2020 is as follows (dollars in thousands):

Lender	Interest Rate	Amortization Period (Years)	Maturity Date	Number of Encumbered Properties	Principal Amount Outstanding

	4.30% Fixed	25	December 19, 2024	— ⁽³⁾	8,424
Total Mortgage Loans					156,796
Total Debt				15	\$ 1,141,796

(1) The \$600 Million Senior Secured Credit and Term Loan Facility and Unsecured Term Loans are supported by a borrowing base of 52 unencumbered hotel properties.

(2) The Joint Venture Credit Facility is secured by pledges of the equity in the entities (and affiliated entities) that own the hotels.

(3) The Bank of Cascades mortgage loan is comprised of two promissory notes that are secured by the same collateral and cross-defaulted.

We are exposed to interest rate risk through our variable-rate debt. We manage this risk primarily by managing the amount, sources, and duration of our debt funding and through the use of derivative financial instruments. Specifically, we enter into derivative financial instruments to manage our exposure to known or expected cash payments related to our variable-rate debt. During the three months ended March 31, 2020, the fair value of our interest rate swaps declined \$19.0 million due to a reduction in short term interest rates and a continued flattening of the forward yield curve. Each interest rate swap fixes the interest rates on portions of our variable interest rate unsecured indebtedness and converts LIBOR from a floating rate to average fixed rates ranging from 1.98% to 2.93%.

Capital Expenditures

During the three months ended March 31, 2020, we funded \$11.1 million in capital expenditures at our hotel properties. As described under *Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations - Management's Actions in Response to the Effects of COVID-19 on Our Operations - Financial Measures and Liquidity*, we postponed all non-essential capital improvement projects planned for 2020 beyond those that are already substantially complete, which is expected to reduce previously planned total capital expenditures by at least \$35.0 million for 2020. We anticipate spending an estimated \$25.0 million on capital expenditures during fiscal year 2020. We expect to fund these expenditures through a combination of cash on hand, working capital, borrowings under our \$400 Million Revolver, or other potential sources of capital, to the extent available to us.

Cash Flows

	For the Three Months Ended March 31,		Change
	2020	2019	
	<i>(in thousands)</i>		
Net cash provided by operating activities	\$ 7,306	\$ 30,240	\$ (22,934)
Net cash used in investing activities	(12,720)	(10,316)	(2,404)
Net cash provided by (used in) financing activities	95,445	(21,541)	116,986
Net change in cash, cash equivalents and restricted cash	<u>\$ 90,031</u>	<u>\$ (1,617)</u>	<u>\$ 91,648</u>

Changes from the three months ended March 31, 2020 compared to the three months ended March 31, 2019 were due to the following:

- *Cash provided by operating activities.* This decrease primarily resulted from a decrease in net income of \$18.9 million after adjusting for non-cash items, such as depreciation and amortization and gains on the sale of assets, due to the effects of the COVID-19 pandemic, and net changes in working capital of \$4.1 million primarily due to the timing of working capital changes. The overall decrease is primarily due to a significant decline in occupancy in the last few weeks of the quarter ended March 31, 2020 as a result of the COVID-19 pandemic.
- *Cash used in investing activities.* This increase in cash used in investing activities is primarily due to a reduction in proceeds from asset dispositions of \$11.3 million and an increase in net real estate loan funding of \$1.5 million, partially offset by a decline in capital expenditures of \$6.2 million and a reduction in investments in hotel properties under development of \$4.2 million.
- *Cash provided by (used in) financing activities.* This increase is primarily due to an increase in net borrowings of \$116.4 million. As described above, during the three months ended March 31, 2020, we increased our borrowings on our \$400 Million Revolver as a precautionary measure to provide sufficient liquidity to meet our funding needs for the foreseeable future.

Contractual Obligations

The following table outlines the timing of required payments related to our long-term debt and other contractual obligations at March 31, 2020 (in thousands):

	Payments Due By Period				
	Total	Less than One Year	One to Three Years	Four to Five Years	More than Five Years
Debt obligations ⁽¹⁾	\$ 1,141,796	\$ 3,797	\$ 482,249	\$ 414,837	\$ 240,913
Currently projected interest ⁽²⁾	149,918	39,752	77,629	28,824	3,713
Lease obligations ⁽³⁾	36,318	2,159	3,623	1,855	28,681
Purchase obligations ⁽⁴⁾	5,072	5,072	—	—	—
Total	\$ 1,333,104	\$ 50,780	\$ 563,501	\$ 445,516	\$ 273,307

(1) Amounts shown include amortization of principal and debt maturities.

(2) Interest payments on our variable rate debt have been estimated using the interest rates in effect at March 31, 2020, after giving effect to our interest rate swaps.

(3) Amounts consist primarily of non-cancelable ground lease and corporate office lease obligations.

(4) This amount represents purchase orders and executed contracts for development or renovation projects at our hotel properties.

Critical Accounting Policies

For critical accounting policies, see "Note 2 - Basis of Presentation and Significant Accounting Policies" to the Condensed Consolidated Financial Statements.

Cybersecurity

The hospitality industry and certain of the major hotel franchise companies have recently experienced cybersecurity breaches. We have not experienced any material cybersecurity losses at any of our properties. We manage cybersecurity risks with our franchisors and property management companies. An important part of our cybersecurity risk mitigation efforts includes maintaining cybersecurity insurance and indemnifications in certain of our property management agreements. Our Board of Directors provides on-going oversight of management's approach to managing cybersecurity risks.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Market risk includes risks that arise from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market-sensitive instruments. In pursuing our business strategies, the primary market risk to which we are exposed is interest rate risk. Our primary interest rate exposure is to 30-day LIBOR. We primarily use derivative financial instruments to manage interest rate risk.

Our interest rate derivatives are based on USD-LIBOR. In July 2017, the Financial Conduct Authority ("FCA") that regulates LIBOR announced it intends to stop compelling banks to submit rates for the calculation of LIBOR after 2021. As a result, the Federal Reserve Board and the Federal Reserve Bank of New York organized the Alternative Reference Rates Committee, which identified the Secured Overnight Financing Rate ("SOFR") as its preferred alternative to USD-LIBOR in derivatives and other financial contracts. The Company has contracts that are indexed to LIBOR and is monitoring and evaluating the related changes and risks. The Company is not able to predict when LIBOR will cease to be available or when there will be sufficient liquidity in the SOFR markets. Any transition from LIBOR to another benchmark interest rate will result in a different calculation of our variable interest rates that are currently indexed to LIBOR. If adequate and reasonable means do not exist for ascertaining LIBOR and such circumstances are unlikely to be temporary, our loan agreements contain provisions for our lenders and us to jointly establish an alternative interest rate.

At March 31, 2020, we were party to four interest rate derivative agreements pursuant to which we receive variable-rate payments in exchange for making fixed-rate payments (dollars in thousands):

<u>Contract date</u>	<u>Effective Date</u>	<u>Expiration Date</u>	<u>Notional Amount</u>
October 2, 2017	January 29, 2018	January 31, 2023	\$ 100,000
October 2, 2017	January 29, 2018	January 31, 2023	100,000
June 11, 2018	September 28, 2018	September 30, 2024	75,000
June 11, 2018	December 31, 2018	December 31, 2025	125,000
			<u>\$ 400,000</u>

At March 31, 2020, after giving effect to our interest rate derivative agreements, \$548.4 million, or 48.0%, of our debt had fixed interest rates and \$593.4 million, or 52.0%, had variable interest rates. At December 31, 2019, after giving effect to our interest rate derivative agreements, \$549.2 million, or 53.7%, of our debt had fixed interest rates and \$473.5 million, or 46.3%, had variable interest rates. Taking into consideration our existing interest rate swaps, an increase in interest rates of 1.0% would decrease our cash flows by approximately \$5.9 million per year.

As our fixed-rate debts mature, they will become subject to interest rate risk. In addition, as our variable-rate debts mature, lenders may impose interest rate floors on new financing arrangements because of the low interest rates experienced during the past few years. At March 31, 2020, we have scheduled debt principal amortization payments during the next twelve months totaling \$3.8 million and no debt maturities.

Item 4. Controls and Procedures.

Controls and Procedures

Disclosure Controls and Procedures

Our management evaluated, with the participation of our Chief Executive Officer and our Chief Financial Officer, the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of March 31, 2020. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that, as of March 31, 2020, our disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

During the three months ended March 31, 2020, our hotels were operating with significantly reduced staff as a result of the COVID-19 pandemic. As a result, some of the internal controls associated with our hotel operations, such as segregation of incompatible duties, could not fully operate in the manner in which they were designed under normal operating conditions. Therefore, we have increased our corporate oversight and review of hotel operations and financial information to mitigate the temporary inability of our hotels to fully function within their normal internal control structures.

There were no other changes in our internal control over financial reporting during the three-month period covered by this Quarterly Report on Form 10-Q, which were identified in connection with management's evaluation required by Rules 13a-15(d) and 15d-15(d) under the Exchange Act, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings.

We are involved from time to time in litigation arising in the ordinary course of business; however, there are currently no pending legal actions that we believe would have a material adverse effect on our financial position or results of operations.

Item 1A. Risk Factors.

We are updating the risk factor in our Annual Report on Form 10-K for the year ended December 31, 2019, “The outbreak of the Coronavirus or an outbreak of other highly infectious diseases, could adversely affect the number of guests visiting our hotel properties and disrupt our operations, resulting in a material adverse effect on our business, financial condition, results of operations and cash flows,” as follows:

The novel coronavirus (COVID-19) pandemic has disrupted and may further disrupt our business, which could further materially adversely affect our operations, financial position and results of operations.

The COVID-19 pandemic has materially adversely affected and may continue to materially adversely affect our financial position and results of operations. The extent to which the COVID-19 pandemic will affect our business, liquidity, financial condition, and results of operations, will depend on numerous evolving factors that we may not be able to accurately predict or assess, including the duration and scope of the pandemic; the negative effect on the domestic and global economies; the short and long-term effects on the demand for guestrooms and levels of consumer confidence; our ability to successfully mitigate the effects caused by the pandemic; government action, including restrictions on travel; increased unemployment; and reductions in business and consumer discretionary spending. Even if COVID-19 does not continue to spread significantly, the perceived risk of infection or health risk may adversely affect consumer confidence, which will adversely affect our business, liquidity, financial condition and results of operations. We have been and could continue to be adversely affected by government restrictions on public gatherings, shelter-in-place orders and government-mandated or voluntary temporary suspension of operations of certain of our properties. We are unable to predict when restrictive measures may be reduced or eliminated or how quickly our operations will return to levels consistent with recent fiscal years after the restrictive measures are reduced or eliminated.

We borrowed a net amount of \$100.0 million on our \$400 Million Revolver during the three months ended March 31, 2020 and an additional \$25.0 million on April 1, 2020 as a precautionary measure to provide sufficient liquidity to meet our funding needs for the foreseeable future during the COVID-19 pandemic and the expected economic recovery. We have amended our loan agreements to provide an additional \$150.0 million of borrowing capacity. The increase in our level of debt may adversely affect or restrict our financial and operating activities or our ability to incur additional debt. In addition, as a result of the risks described above, we may be required to raise additional capital, and there is no guarantee that debt or equity financings will be available in the future to fund our obligations, or will be available on terms consistent with our expectations or at all.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Period	Total Shares Purchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs
January 1, 2020 - January 31, 2020	—	\$ —	—	—
February 1, 2020 - February 29, 2020	—	\$ —	—	—
March 1, 2020 - March 31, 2020	65,345	\$ 7.17	—	—
Total	65,345	\$ 7.17	—	—

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

None.

Item 6. Exhibits.

Section 2: EX-31.1 (EXHIBIT 31.1)

Exhibit 31.1

Certification of Chief Executive Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Daniel P. Hansen, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Summit Hotel Properties, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)), and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statement for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures, and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by the report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
